Newspaper Week; Wine Week! What a coincidence! What a combination! And what journalist should better be qualified to speak on this occasion? than Senator H.W. Slater? Yes, Herb will do the orating to day - this nonpareil silver tounge orator of this Redwood Realm. And as for the chairman ----

Well, you know the Twenty-thirtyites are to with us, and the smart thing is to have one of their fold wield the gavel, and also being a publisher, the program committee has inveigled Lawrence Tosasco to do the honors. Just an good joint sociable meet with our junior brethren.

Last week Father Coghlan told us how he thought a stop might be put to wholesale slaughter abroad - supplications. Ideal method - provided it works.

Like old times to have Col. Bourne visit us again. And his second to the speaker's address put on a finishing touch.

In point of membership, one steps out and another steps in. Fair percentage. Greetings, Truman Clark.

~~Another delegate; another alternate - respectively.~~
Debatable: Who broke ground for the fire department structure - Council, or Club? Pictures tell the tale.

To Dist. Convention: Another delegate; another alternate - "Squire" and "Rosy" respectively. Guess the Secretary should go - to check up and hold down.

(Crowded into the two front quarters of this)
(month are: Press Week; Wine Week; Fire Prevent-)

Likened unto a Demosthenes, Senator Herbert Slater eloquent-ly orated on Press Week last meeting. Right here we are tempt-ed to paraphrase: Three elocutionists in three distant ages born, Greece, England and America did adorn. The first in loftiness of thought surpassed. In majesty the next. In both the last. The force of nature could no further go. To make a third she joined the other two - Slater!!! Kiwanian Herb.

Our coming up crpp, the Twenty Thirties, seemed quite at home with us - even furnished the master of ceremonies, Lawrence (Tribune) Rosasco, who did a swell job of it.

Yes, Fortuna, we found your lost sheep Tuesday last. Expect substantial reward for the find. Fred wandered right into our luncheon meeting. And WOH! Was he hungry?

District Convention, Oct. 23-25, San Jose. Do go. Fortunately, election of officers went its way without bloodshed. Congratulations, Pres. Charlie.

This week, 23-25, District Convention, San Jose. An excellent program on tap. And in the selection of Governor may the best judgment prevail. Now and forever Kiwanis should give democracy a place in the sun. Healdsburg and Division Eight will be well represented. We're interested; yes, indeed.

Program chairman Finnly states he can assist chairmen with good numbers for the balance of the year. If you're in need contact "Fin".

To have just a few members who really attend - when their convenience is not upset. Boys, be good henceforth. We need you.

The firm of Fry, Fry & Fry were much in evidence last week, golfing of course. Always a treat to listen to and look at the funny Frys. And what they don't know about this game!

Still falling into line. Saul Richman, editor, and Alfred Sander, recreational director at Lytton Home, are Healdsburg Kiwanians of last week's vintage. We salute you-uns, and your additions make for a full fifty locals.

Our double quartette must be back from the big convention at San Jose by this time. We should hear from some of 'em.

This is the day after the night before. Any sport who doesn't show up we'll know the reason why.

Seemed good to have Ted and Sugar in the lineup again.

Wanted: Committee reports. Pretty pronto too.

Not wanted: Chin music after the gong. Not nice.
