

"WE BUILD!"

KIWANIS BULLETIN

Nov. 4, 1980

WE WELCOMED THE FOLLOWING GUESTS:

Hal Threewit, Michael Deas, High School Principal Jim Wilmarth with some of the Key Club, namely David Rosas and Gordon Langford.

We were also honored by a visit of Don Morris of the Santa Rosa Club (needed a make-up, Don?)

Congratulations to Michael Deas who is now President of the Key Club. And whilst speaking of that noble body it should be noted that it donated no less than \$450.00 to the Club, said funds to go toward the Performing Arts Center that is being sponsored by this Club.

Ken Gonsalves was fined for some infraction; he raised a bit of a fuss but forked up. As a matter of information Ken has been newly appointed our "Gripe Satisfier". Congratulations, Ken.

President Ed announced that the Club had realized \$9,143.73 from the auction held, with more pledged to come. All of this will go towards making the Healdsburg Performing Arts Center a reality.

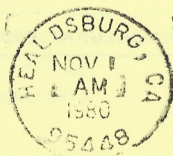

The following were assigned duties as detailed herewith; Vern Branch-Inter Club; Bulletin - Art McCaffrey; Boy Scouts, Neil Iversen and Programs by Glen Davis.

Dick Saxton introduced Bud Mohlkenbuhr of the Bank of America who gave us a very interesting talk detailing how, upon the death of a family member, the property and other holdings such as stocks, bonds, jewelry, etc. could be seized for payment of due debts, and how the Internal Revenue Department could also seize some of this loot in taxes. He then gave some pointers as to how a couple can control this action by having their wishes in this respect written into their wills.

We have been informed that Bob Marmor has the program for next week. It will feature Art Volkens of the Santa Rosa Press Democrat, who will give an analysis of the November 4th election.

We've heard that a member of this Club showed up at the Konocti Harbor Inn for the installation ceremonies and dinner 24 hours early. Upon being advised of this fact he and his wife headed right back towards home, only to show up again on Saturday!

Now that's loyalty!

"WE BUILD!"

The Kiwanas Club of Healdsburg

KIWANIS BULLETIN

November 11, 1980

We welcomed the following guests: Peter Ramirez, Abel Andros, Mike Ramirez, and Dan Scinto, all of the Key Club.

The Key Club is sponsoring a "Read-A-Thon" in an effort to get the younger school students interested in reading good books. It's thought that all of us will realize how worthwhile this project is.

Pastor Hayes was fined 50¢ for no good reason. The box must have been all but empty to prompt this act.

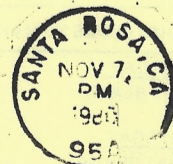

Jack Brandt, Alan Owen, Pastor Hayes (they got him again) were each fined \$5.00 for having birthdays fall within the fining period. Further, all those who couldn't show proof of having voted ere coming to the meeting were hit for 25¢ each. After doing so well with the small change, President Edgar hit 23 members for \$1.00 each for not signing the aprons of new members. The names of those who fell afoul of this move will not be disclosed in an effort to avoid their being further embarrassed. Your editor has heard that there is another apron out that is over 30 signatures short!

Our speaker for the week was Arthur J. Volkerts, editor of the Press Democrat. He talked about how voter turn-out has been deteriorating over the past few years. He blames this on voters not listening to candidates' promises. He also feels that automation of ballot counts by mechanical or electrical means can result in miscounts. He went on to point out that Sonoma County candidates raised \$700,000.00 in campaign funds for the last election (WOW!). Most of it came from business enterprises and was solicited by professionals who really know how to worm contributions out of business men as well as the general public. Most of this money goes for mailing "hit" pieces which down grade the competitors.

He noted that there are plans afoot to make Election Day a national holiday so that everyone can get out and vote.

This was a most interesting and informative program. BUT - John Cochennette, who has the program for next Tuesday, informed this reporter that he will introduce Mr. Mike Garrison, who will talk about oil and gas exploration. Now that sounds interesting.

THAT'S 30

KIWANIS BULLETIN
November 25, 1980

We welcomed the following guests: LeRoy Wicks of Santa Fe who informed us that he has been a Kiwanian for 38 years and has a perfect attendance record!

LIKE WOW, ALREADY

We also welcomed the following listed members of the Geyserville Club who blew in on an inter-club: Jack Pillsbury, Reno Fambrini, Carl Medford, and, according to my notes, someone named Orin Bains. Just where he fits into the over-all picture we didn't find out, but he was made welcome none the less. After all, That's Kiwanis!

FINES: Earl Osborne for having a birthday, \$5.00
Mario Deas just for the h-l of it (after all, he is the father of our President!) \$1.00 lighter of pocket for Mr. Deas.

It was announced that the Healdsburg Boys' Club was having a book sale this coming weekend. They also have some plastic tumblers that they would like to get rid of, so if you're used to drinking from plastic tumblers here's a chance to add to your collection. The sale will be held in the high school gym between the hours of 10:00 A.M. to 10:00 P.M. on Friday, Saturday & Sunday. The money received will be used to buy equipment for the Club.

Now, about those Christmas Cards from the American Field Service; there ain't none! However, anyone who contributes to this most worthy cause will have his/her name noted in the big ad that they have purchased in the Healdsburg Tribune. So here's a chance to get your name in the paper!

Vern Branch gave a report on the Inter-Club trip to the Club of Sonoma. The golf trophy was not returned to us, but a promise was made, according to Vern, that they would bring it along when next they come to see us on an inter-club. Um - yeah!?

Lee Sayre; good ole Lee, was socked 25¢ for making out 2 attendance slips!

Our program chairman for this meeting, Lindsay Wurlitzer, gave us a very interesting talk on the Farm Credit System. It seems that members of this organization can get loans through it at the low interest rate of 12 to 15%. It is a self supporting enterprise that also supports the coastal fishing industry.

As of this writing your reporter has been unable to find what the program for next week will be. Suffice it to say that it will be interesting and well worth your attending the meeting.
