TUESDAY

Chairman Ed. Norton threatens to summon before his Grand Jury any member who fails to come and hear the State Highway Patrol preach "step off the gas" to day. 'Twill be a safety first program both for the wayward driver and the would-be absentee.

Since Kiwanian Bill Cox "sold" them to us last week, let's keep the Phillipines. Not ready for independence yet. Moreover, so fascinating are the natives' customs (and costumes), so musical and varied their languages; so stalwart those masculine Igorotes, and women with such beautiful necks and shoulders - let's hold fast to them - so said the speaker; so says Licu Hall, Jack Haigh et al. who learned to like them during the Spanish War.

That was a first class Directors' meeting on Thursday last, when the old and new Boards fraternized and festivitied together. And as a token of his love retiring President John Morgan Santa Claus-ed by settling the luncheon fees for all. Votes of thanks and appreciation for everybody who was anybody during the now passing administration were recorded in the minutes and President-Elect Ed. Beeson adjourned the meeting sine die.

Looked like old times to see nearly every Tom, Dick and Harry back in their pews last week. Makes the management smile. Come back to day, gentlemen; come every Tuesday, and bring your own smile.

"Sure, we'll finish the job". Since that booster public meeting, sponsored by this club, all that is required is the finishing touch to insure a reorganized Chamber of Commerce. A fine Kiwanis achievement.

TUESDAY

DECEMBER 14, 1937

Chairman - Bob Bruce. Speaker, R.L.Dunn, this same Chevrolet gentleman who has entertained us in the past, and so delightfully that we welcome him back in a return engagement. Mr.Dunn's "movies" are always par excellence.

While Captain Jack Schryver was compelled to disappoint us last week, Ever-Ready Senator Herbert Slater certainly did not. His dual theme: Part I, "Safe Driving", and Part II, "Parting Year Thankfulness", - all ~~all~~ to the point and well executed. Herbert, ever ready in the pinches, you are ever welcome and ever impressive with Healdsburg Kiwanians.

Cloudbursts are interesting; but washouts are both destructive and disconcerting - so much so in fact as to make necessary the postponement of our Officers' Training School to December 19th. - so wires Lt.Governor Harry Falk, from Eureka. Santa Rosa Hotel, Nine A.M.

## SENTIMENTS SYMPATHETIC:

How sad to think that in our fold  
Are skulls which no gray matter hold !  
I weep for a non-compos ment'  
Whose dome has many rooms to rent.

Their plot smacked of the greenest kid;  
For when they stole another's lid,  
So simple; stupid, weak of mind -  
Well -- samples of the jackass kind.

Inscribed on each guy's empty dome  
Should read the sign, "NOBODY HOME".  
For, if they had some donkey sense  
They'd saved their jeans some SIXTY CENTS.

Now, what these numbskulls deserve most  
Is, learn to never ship by post  
A parcel marked with C O D -  
O Lord, what fools these mortals be !

## Merry Christmas

This is the sincere wish of The Builder to each and all members of our club.

Before another meeting this all-meaning Natal Day will have passed on - only to be succeeded by another and another cycle on the journey of life.

It is "truly meet and just" that we fittingly observe this significant occasion, and at this Tuesday meet.

Appropriately enough, our good member, Rev. John Stubbs, has been designated to arrange for such program as is consistent with the particular time.

And in keeping, the above named chairman has invited the Rev. M. R. Ely, pastor of the First Christian Church at Vallejo, to inspire us on a Christmas theme.

Each chair around the holly-bedecked tables should be filled. Tune your voices for the singing of Christmas anthems, and lend your ears to impressive words from the lips of a finished speaker.

"Those boys can certainly sing", commented Owen Sweeten, who, skillful leader that he is, fairly pumped those notes from those throats last week. Let us repeat to day. Come All Ye Faithful, and make the welkin ring.

-----  
IN MEMORY

Thoughts come into our minds at this particular time of that ENROLMENT in Judea - twenty centuries ago.

Now, it has been decreed that one of our esteemed Kiwanis brothers ENROLE with the many on eternal records, "Walt" Seawell has answered the call. We must abide.

The eleventh hour of the year was his passing. As the bell tolls ELEVEN to day all which is left of his corporate self is consigned - it is the final rites.

But THE SPIRIT of J. Walter Seawell will pervade the walls of Legion Hall as we convene this day. To the exclusion of all else his memory, his worthiness will command our reverent attention.

But, as time is the essence, we shall assemble - not at the proverbial Twelve Ten - but, rather at 12-30 sharp. Please bear this in mind.

The usual luncheon; then, by ourselves, some moments for respectful expression -

IN MEMORY
