TUESDAY

JANUARY 3, 1933

BROUGHT UP TO DATE: Take a glance at the membership roster, and
----- that of the officers, as compiled in this
new issue of The Builder. We trust you will find the same complete
and correct. No longer appears the list of those who resigned or drift-
ed away. Only bone fide Kiwanians are listed here. Residence, phone
number, classification, - all have been adjusted where occasion re-
quired. All set for another twelve month.

AUSPICIOUS 1933: New names, new faces, new blood, for the year at
----- hand. Surely, Healdsburg Kiwanis is in a fair
way to do its share in what may be a RECONSTRUCTION PERIOD for our
entire nation.

WELCOME: This word ever carries a happy thought. And it is par-
----- ticularly pleasant to contemplate upon the fact that
four good men are to join our club this day. These will be given
glad hands and words of welcome on this occasion.

LAST MEETING: Mr. Harry Bardt was very enlightening in his talk
----- on The Reconstruction Finance Corporation. And
that "open forum" was pronounced to be the best part of it all.

Paul Crabb
TO DAY: ~~Hollis Holbreck~~ is slated for the chairman. We under-
----- stand that he will present Ned Kent, his immediate pred-
ecessor as High School principal, now Superintendent of Schools, as
the speaker to day. That the theme may be Ned himself knows best.
Wouldn't it be nice to have a HUNDRED PER CENT MEETING? Just see
what you can do about it, - you, and you, and you.

TUESDAY

JANUARY 10, 1935

TRAVELS IN THE AIR: What promises to be one of the most interesting entertainments we have enjoyed in a long time is scheduled for to day. We are to be taken on a trip from San Francisco to New York in a 14-passenger multimotored transport, via the air, as an educational presentation of higher than the earth transportation. A representative of the United Air Lines, whose name is not given at this writing, will relate and depict the story in film. The subject alone should attract a full attendance. Temp. Smith has arranged this rather unusual program, and the same gentleman is to act as chairman of the day.

SCHOOL DAYS: Ned Kent took us back last week to the times and conditions a generation ago of the humble district school. Humorous and entertaining were his delineations, indeed. But Ned went further than this. The striking contrast between now and then was vividly portrayed. And modern school supervision, naturally, was dwelt upon by the recently ^{chosen} Supt. of Schools.

NEW KIWANIANS: "Hick" Cooley did the "come back" in a burst of welcome. "Hank" LeBaron donned the Kiwanis pin as the first of our brand new class. Chas. Higgins and Joe Cunco are expected to come in to day. Not so bad, Considerin'.

COMING EVENT: Now that the Chamber of Commerce has had its annual night - an organization in which Kiwanis man power is considerable - our own turn is next. For on Tuesday evening, January 17th, at SEVEN SHARP, and at Legion Hall, our most important function of the year is given. Dinner, Ladies' Night, Installation of Officers, inspirational addresses, etc. A big night ever in Healdsburg Kiwanis.

TUESDAY NIGHT

JANUARY 17, 1933

BELLOW KIWANIANIANS: We are about to assemble this evening for our annual "big event". A gathering for men and women in Kiwanis, and for interested friends. Bring them with your wife and self, and foretell their coming, that the "management" may be prepared.

PROGRAM: A regular meeting. A bountiful dinner. A free and easy time for all. No formal party, this. Songs and sociability. Personalities, puns and penalties - perhaps. A short report or two. The transition of an outgoing administration to that of a new. And a sterling address by a sterling man.

AND IN PARTICULAR: Comes from the University of California Prof. Frank W. Hart. To know him you must hear him. One of the biggest and best ever to address a Healdsburg gathering. This forecast according to first hand authority. We're all pepped up in signing this outstanding man. And here is how it happened:

DUE ACKNOWLEDGEMENT: In days long since gone by, and with the eloquence of a past Kiwanian, eulogized to the skies were "The Passalacqua family". This time 'tis someone else. Of the Rosenberg trio we sing high praise, - Ira, Harold, Leo. To all the three is placed the credit of recommending and securing the services of Professor Hart for this occasion. At this season of the year when the getting is not so good - of a big man to come to a small community - each of the aforesaid friends took a hand with the Program Committee and solved a difficult task. Many thanks, boys, from the Healdsburg Kiwanis club.

LAST WORD: Be on hand, guests and all; 7 P.M. Legion Hall.

TUESDAY

JANUARY 24, 1933

AMONG OURSELVES: This caption suggests the nature of our program for to day. Our new president, Roy, will be on the throne and wield his scepter (the gavel) for the first time during his reign of one year. Fred Cairns has been selected to act as Chairman of the Day. Many are the things which properly may be considered, and meaningful should be the expressions to be advanced by several members of our flock at this ENTRE NOUS. And who is he, time permitting, who may not have a word to volunteer in the interests of his club, so constantly becoming nearer and dearer to us all? An open forum there will be. Beware of being bashful boys.

THAT ANNUAL MEETING: The occasion of January 17th is now a memory of the past. And what a magnificent function it was. None on a higher plane since the organization of Kiwanis in Healdsburg. You, fellow member, should be, and are, proud of your club - proud to have the honor of wearing a Kiwanis button. We were there, nearly all of us, with our wives and friends. Our new Lieutenant Governor was there, his wife as well; and "H.C." gave a good account of himself in the process of installing the officers for the year 1933. And Prof. Hart was there with one of the most instructive and impressive talks ever given before a Healdsburg audience. All in all, our annual Kiwanis gathering of one week ago is one not soon to be forgotten.

AU REVOIR: Joe Miller is lost to our club. Joe, in person you may seem to be gone; but in spirit NEVER. Never shall be lost sight of by us your true worth, as a Kivanian, a citizen, a friend. First president of our club; foremost in all Kiwanis activities; leader in community achievements worth while, and for the past many years, - be assured that your good deeds are already written into the pages of Healdsburg history. On your promotion, congratulations. Success. Best wishes. Au Revoir.

JANUARY 31, 1933

HANDS OFF: Such promises to be the advice to be given us to day
----- by Mr. G. E. Sanford, Gen. Attorney for the Three A organization of California. This gentleman will address the club on the subject, "Hands Off the Gas Tax". Walt Marshall is responsible for his coming, and will act as Chairman of the Day.

A MEETING ALL OUR OWN: As a homegrown, homespun character of program, that of last week was a knockout.

None was corporally injured; but some of the participants gamely took on the chin vicious blows of sarcasm, together with jabs of stinging kind - only to be accepted with counters of surprisingly similar swats. Frolicking? Sure; but just as a preliminary to major events. Time out to decide whether or not we'd let Joe Miller go. A resolution regretfully consenting. With selection of committees out of the way, came earnest expressions by many chairmen. The last round amounted to an open forum - "for the good of the cause". All in all, a good getaway for the brand new president Roy.

OUR OPPORTUNITY: We think that our dar old U.S.A. is about to enter
----- upon a reconstruction period. Hopefully so. And if so, Kiwanians will be expected to furnish a cog or two in the wheel of upbuilding. Surely, our club with its presently splendid morale, is in a fair way to do its part. Will it be something of a concrete aim to better some local conditions? Some definite objectives, no doubt, are now being mulled over in the gray matter of many new Kiwanis administrations. "International" has given each ^{club a} place at the bat. Let's get to first base in Healdsburg - and then some.
