TUESDAY

FEBRUARY 4, 1936

John Morgan will be on deck to day as chairman. And we learn from this corporation magnate that coming to us as speaker will be Mr. S. C. Dickinson, safety engineer, from the P. G. & E. When this man gets through with us perhaps some of our swift movers on the highways may hereafter exercise a little more "jurisprudence" while at the wheel.

The Builder inadvertantly omitted to tell Jess Ratchford that he made a nice little talk on Anniversary Day. At the end of the year, when we are inclined to "look to the records" there will be found evidence of our having observed the Twenty First birthday of Kiwanis.

Four of the old "comebacks" got their once over last week. And a couple of brand new members - Ben Madison and Warren Bronner - were also given the glad hand and their charges as well.

The buck was passed from Floyd Bailey of Santa Rosa to Ned Kent last Tuesday, who in readings and sweet songs the late Rudyard Kipling was almost brought back to Mandelay. Ned knows his Kipling - just like some know (not) the Bible. Nice work, Ned.

All present last week - save Fred Young, who'll soon be young and frisky again. Undertaker Fred absolutely refuses to throw business his way, in a case like this.

As we go to press efforts are being made to smoke out some backward boys for the "smoker" this (Saturday) night. Promises to be a real nice and gentle party. Hear particulars at this meeting.

Behold these possibly incriminating marks !

By clever detective work The Builder has found the thumb that made these prints. Who is the possessor of this particular digit ? Is he innocent of crime, or is he a fugitive from justice ? What record are these exhibits likely to unfold ? Shall they have bearing on the burglaries at Quimb Sewell's store ? Whatever developments may occur, we suggest to all to see Larry Killingswerth's picture - Does Crime Pay ?

Furthermore, the meeting to day is to be given up to the discussion of Voluntary Fingerprinting. Chairman Russ Stevens has arranged with Mr. W. L. Listerman, Special Agent in Charge of the Federal Bureau of Investigation to talk on this all absorbing subject. Appropriate, indeed, for has not our club made this an outstanding objective ?

The "Smoker" is now past history. And a successful function it was. Santa Rosa and Sonoma joining in with our club to make for a sociable Inter-Club affair. Don't say the Inter-Club Relations Committee does not function. Congratulations, Floyd, for putting it over in creditable manner.

We are in receipt of a neat and interesting weekly bulletin from the County seat club. More power to our progressive neighbor.

Safety Driving, and Resuscitation were pictured to us last Tuesday in a most practical fashion by Mr. S. C. Dickinson of San Francisco. And that 15 minute monologue by "Doctor" Forrest ! Was'nt it a scream ? Thanks to big "Phil" for the treat - or "treatment". Even Fred Young, who got it only by the absent method, says it put him on his feet again. Hope to see you back to day, Fred.

TUESDAY FEBRUARY 18, 1936

"Father of our Country"

"Emancipator
of the Slaves"

Washington and Lincoln shall live forever. This is the month of their nativity. Kiwanians never forget February 12th and February 22nd. We talked on "Uncle Abe" last week. America's uncrowned king, George the First, will be remembered to day.

Singularly enough, this is National Defense Week. How fitting ! Were these great statesmen living most assuredly they would say AMEN to our country's determination to be prepared.

Appropriately, too, Chairman Floyd Darby writes as follows:

"My guest speaker will be Samuel J. Hume, Regional Director of The California Crusaders. ----- Mr. Hume's address will be along patriotic lines of an up to date nature, his subject being The Challenge of Citizenship. It will be in keeping with one of the objectives of Kiwanis, 'To Promote an Intelligent, Aggressive, and Militant Citizenship'".

The Fingerprinting program went over in a large way. Half of the law loving gents stayed to see their digits in black and white. Chief Grant is now prepared to do the rest. Another club objective in the process of accomplishment.

Welcome to our ranks, Adj. Bob Simpson. All you have to do now, Bob, is to fill the shoes of Bill White. Fred Young received a big hand upon his return. Can't conquer the young. DON'T FORGET, A TREAT TO DAY.

TUESDAY

FEBRUARY 25, 1936

Sometime, in the Healdsburg skies, a rainbow there will be - somewhere, somehow, sometime. But not to day, boys, no, not to day.

We've had but 15 days of wet; but do not fret, you just bet, that we shall get, gross and net, more dampness yet.

And thus, and because of the present inundation of this copious liquidation, your scribe had hesitation to join with the migration to Cloverdale's celebration, in due commemoration of the Father of Our Nation.

All of which means that the editor was indisposed.

But we do get, by hook or crook, certain data concerning that get-together of Kiwanians and wives from Santa Rosa, Sonoma and Healdsburg.

Floyd Darby, as chairman, fairly inspired the whole performance. Phil. Phillips had entertainers there, the like of which you never heard or saw. Senator Herb Slater themed George Washington in eloquent style. Jess Ratchford saxophoned his parts way beyond his "rep" as a nifty music master. Paul Marcucci tickled the ivories - you'd swear 'twas Paderwski. Paul's talented wife sang "Kiss Me Again", dedicated to What A Man Floyd. And Fred Cairns, rich at repartee, loquacious in introductions, took ten minutes in paving the way for "When Irish Eyes Are Smiling". A flash! "Don't forget to throw a bouquet at Mrs. Ray Grinstead and Hubbie, Their music was captivating".

To day, Mr. August Baade will tell us the story of the State Game Farm at Yountville. Ben Madison, chairman.

Sam Hume, for the Crusaders, simply starred last meeting. Sam's OK.
