FEBRUARY 1, 1938

THIS SPACE TO BE FILLED BY THE PROGRAM COMMITTEE TO DAY

Chairman, Art Meese. Speaker, Rev. J.G. ~~Gording~~ *Gording*
Subject, The Oriental Situation.
Five Santa Rosa Kiwanians attending.

Frank Sohler's pictures - Demonstrations of X-Ray - last week proved to be most educational with respect to human body treatment.

President Ed. Beeson's report on the Presidents' and Secretaries' Conference at Bakersfield, January 15th showed once again the value of attending those meetings; also, the fine grasp of matters Kiwanis by our leader for 1938.

Well, our first President's Birthday Party, as sponsored by our club, tho' gotten up in a few days, was quite a success. Great credit is due the committee, headed by Hick Cooley, for almost doing the impossible in so short a time. It was not the intention to make any considerable net sum this year, but to get going for future years. And just this was accomplished. A little cash for the Foundation and a precedent established for times to come. 'Twas a nice card party.

Looks like a few additions to our group to fill the vacancies of those who have gone. Perhaps one or two to day.

Directors' meeting, regular monthly session, this Thursday.

TUESDAY

FEBRUARY 8, 1938

Because of varied and uncertain movements of our Supervisor-Kiwanian Joe Cox, to spot him at a given time and place presents grave difficulty. Joe is supposed to be the chairman to day, and this ties in with another "suppose" to wit: that he has inveigled District Attorney Tolan, or Toland, McGettigan to make a plea to our Kiwanis jury - in just what case we have'nt been advised. So, here's hoping the twain will be functioning for us in their respective capacities. (Note): Joe Cox, speaker on Social Welfare and Don Thomas, on Abraham Lincoln. County Hospital.

Of one thing we are more certain: that we know more about the Japanese-Chinese fuss since Rev. J. G. Gjording told us of his observations during his sojourn of many years in the Orient.

WELCOME - to our increasing family, the latest "Kiwani Baby", Dr. H. K. Dunlavy. And still there's more to follow.

A financial budget for '38 is in the process of creation. Our Achievement Report has been submitted to the higher tribunals. The annual inter-club meet with Santa Rosa, at Cloverdale, Feb. 22nd is being arranged. Division meeting in Healdsburg, April 2nd, is now assured. Much doing and to be done this auspicious year.

You'll be surprised! Some there be who squawk about not being fined with sufficient regularity! A malady easily remedied. A field for better business - for the Sgt. At Arms, and the club's exchequer.

Song leader Owen will be back to day, and with songs of the newest model. Elmer at the piano and Owen with the baton, musicians par excellence, should have real cooperation. Don't stray away too far, boys, from the words, or we'll all get lost along the RAILROAD.

TUESDAY

FEBRUARY 15, 1938

Remember when Treasure Island was no island at all? Would you know just how it has been borne into being, and is now being reared, disciplined, schooled, transformed and equipped with all the finesse of a finished product? Would you hear how this infant of the American Continent is destined to serve civilization in the future? In some degree, no doubt, the story will be unfolded for us to day, and by Mr. Frank Peterson, coming to us through the influence of Chairman Ben (not Bob, the magician) Madison, - tho' some sort of magic seems to have been employed in producing the present site of the Golden Gate International Exposition.

It is the afore-mentioned speaker who requests an audience of not less than 50, and our club with ease can satisfy such requirement.

Last Tuesday the man in mind could not appear. District Attorney McGottigan was busy cleansing our community from criminals. At least, he's showing them, conclusively, the folly of their ways - he and his corps of cohorts. But Chairman Joe Cox "pinched" in creditable fashion, speaking on Social Welfare and the County Hospital. Bully boy, Joe.

Nor, was Abraham Lincoln forgotten. High School student Don Thomas told of the Great Emancipator in such manner as to clearly indicate what Paul Crabb's institution is doing in the line of American history and public speaking. Some such boy as Don should be an honorary member of this Kiwanis club.

It is understood that the Stunt Committee will be functioning at this meeting, presumably in such fashion as will mean, "take it with a smile", to some, and, "You'll be next", to others.

NEXT TUESDAY - CLOVERDALE - WASHINGTON'S BIRTHDAY - INTER-CLUB MEET - HEALDSBURG - SANTA ROSA - WIVES DAY - OBSERVANCE DAY - BIG DAY.

INTER-CLUB MEET

TUESDAY, FEBRUARY 22, 1938

Our Annual with the County Seaters, Cloverdale, U.S. Hotel, 12-10.
On this day both clubs observe Washington's Birthday.

Hick Cooley
Fred Young has been designated by the Inter-Club Relations Committee as Chairman of the Day. District Attorney Toland McGettigan will deliver an address on George Washington. In addition to what our boys have in store, Santa Rosa will have some musical numbers. Be there with wives and friends.

That our last meeting was a crackerjack is hinted at by the following words of acknowledgment to the speaker: "Please be assured, Mr. Peterson, that your program furnished us on February 15th was considered by your listeners as one of the outstanding numbers in the annals of this club. It is just such type of enlightenment as yours which is calculated to redound to the success of the Golden Gate International Exposition".

Oh, yes, Valentine's Day! Giant John is no big bust, nor Little Tom any small Fry when they get their wits together and "invent" poetic valentines. Verily I say unto you, these are the poets laureate in All Kiwanis.

Hearking back to Cloverdale. Tune up your vocal organs; for on this day there'll be singing with greatest gusto. And under such leadership as to make Caruso and Paderwski turn face down in the reverent sarcophagus of each. Owen and Elmer! What a combination!

ALL ABOARD FOR CLOVERDALE! Reunion of Healdsburg and Santa Rosa.
