February 3, 1942

Mr. Harland Frederick, it appears, is a man of many parts, U.C. graduate; lecturer; political science student; teacher, et cetera.

Chairman Truman Clark advises that Mr. Frederick's address will take on the color of wartime, so natural, so much to be expected from public men at present.

Remember this guy ?

He who on April Fool's Day last tried to fool our Doubting Thomases at weekly meeting, sling-<sup>ing</sup> pro-Japanese propoganda. He who claimed that China was all wrong; that our United States should be very nice to Japan; that he was a broad minded patriot, et cetera.

In our monthly report at the time our comment said, "Pro-Japan."

"Wiggy" Williams

Well, "Wiggie" now is under federal indig<sup>it</sup>ment. This said "patriot" failed to tell Uncle Sam he was drawing down \$350 per from the Japanese government. If and when found guilty may he get it where the chicken got the axc. In these days of propaganda can't tell who's who until the speaker spouts.

But the gentleman of last Tuesday was very different. A hero of an historical "boat ride" after his ship was "Japped" by a volley of shots. Not soon shall we forget that thrilling narrative of Leonard deGeus. Congratulations, Leonard, on your signal survival, and many thanks for so entertaining our club.

Kiwanis Anniversary. Leave it to Russ to handle the history of the parent organization in perfect fashion. Did he put it over ?

And Mr. John Cleek spoke smoothly for the Sonoma County Tax-payers Association. (Sorry, trespassing on the scenery).

WHERE THE RUSSIAN RIVER AND REDWOOD HIGHWAY MEET

February 10, 1942

This is the week of February Twelfth - the birthday of "Uncle Abe" - Fred Zimmerman is the Man of the hour to give a short address - Abraham Lincoln.

"Childe Harold" Rosenberg, now of matured make-up, is a friend of all youngsters, boys and girls, Boy Scouts etc. As chairman he has Harold Morehouse to talk on Scouting.

We listened to an exceptional speaker last time, in the person of Harland Frederick. His dissertation on America's Second Revolution was a classic. Question: what member can afford to miss such meetings we're having these days ?

Henceforth, it seems to be the unanimous sentiment that our talent shall be given 40 minutes, if desired, to get a message over. Mr.Chairman, do attend to this.

It won't be long now before we hear Pres.Charlie's report on the Presidents' & Secretaries' Conference. Maybe next week.

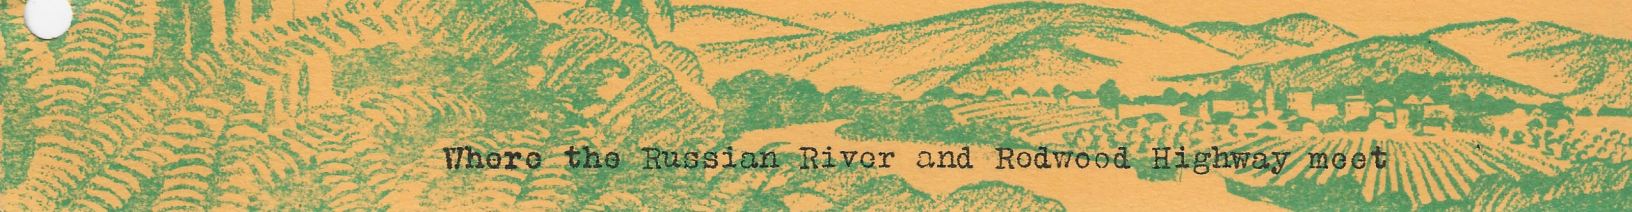

Lindley Gilbert and Fred Kinley are coming back to physical normalcy fast. Hope to see 'em to day.

## VICTORY!

- by United Effort
- by Individual Service

A significant and solemn theme for year '42.  
Commit this to memory. You'll be asked about it.

February 17, 1942

So satisfactory have been our at home programs we repeat to day. Now comes <sup>Teddy Kellogg</sup> ~~Randy Kriss~~; the chairman who, not under oath, deposes and says: That prexy Charlie Comstock will deliver his report of the recent conference at Bakersfield.

Also, that we'll hear from others of our fold on what happens to be up their sleeve - something for your curiosity until the fireworks flash. Let 'er go!

Who shall say Fred Zimmerman's talk on Abraham Lincoln was not an oration? Not a pin was heard to drop - not even a firecracker from Walt's magazine - while Fred was thrilling us.

Just to make of it a perfect day that 10 minute talk on Scouting by Harold Morehouse supplemented swimmingly.

Neophyte Joe Howard took the first degree without a flinch. But just wait for the next spasm, Joe, After you're fully fledged a good Kiwanian you should be. Glad you're ours now.

Kiwanian Stanley Collier, brother of our Major, all the way from Vancouver, was a welcome guest last week.

Just in the event that you sometimes read the weekly bulletin, please be advised that we meet in Cloverdale next Monday noon.

Such enterprise in this club of ours!!!

Showman Sugar Sweeten says: "Plant tomatoes in the garden, and that cannery's sure to come."

"Bring on your Irish spuds"- shrieks Harold Miller. "We'll evaporate to the taste." "Tis Murphys we want!"

Slim Price, in lighter vein: "More fun down in the basement than up in Albert's garrett."
