# THE BUILDER

KIWANIS BULLETIN

Meeting of April 4, 1978

Once again, no Key Clubbers in attendance. It is to be supposed that they were cleaning the Hot Rod.

However, we did have guests: Waldo Iverson introduced Terry Spring--fellow, the new owner of the Home Bakery; Dick Saxton introduced Dr. Bob Leach, and Gene Perkins Bob Mays.

Not to mention the invasion by 5 members of the Geyserville Club; President Carl Medford, Pat Patterson, Jim Rose, Dave Lampson, and Reno Fambrini. President Carl, true to his form, managed to purloin President Fred's gavel. By making his wallet lighter, President Fred managed to get it back (experience has shown that those Geyserville guys can be sneaky.)

Jim Silveira made one of his rare appearances; he had to since he was the program chairman.

Fellows, your editor is sorry he commended President Fred on his financial leniency towards those unfortunates whose birthdays fall on a Tuesday; the price for this indiscretion has shot up to \$5.00 again, with poor old Bud Christensen being first to feel the pain!

Ken Gonsalves passed around a sign-up sheet for our next trip, planned for April 22nd. It's going to be a good one: bus from Healdsburg to Larkspur, the Golden Gate ferry to San Francisco, BART (if it's not on strike) to Concord and back, than over to Jack London Square in Oakland for a fine dinner ere heading back to Healdsburg by bus again. The per person price will be forthcoming in the immediate future; we're still dickering with the bus companies!

Our program consisted of talks by authorities on what's happening re the Warm Springs Dam. Milt Brandt showed us a photo of a pile of letters received by the U.S. Corps. of Engineers, both pro and con dam, that was over 6 feet in height! We were also told of the work that is not being completed due to actions of the anti-dam group.

Cliff Hendricks told us of the differences between the construction techniques being used in Warm Springs and those of the Teton Dam, and explained how Warm Springs will not be able to break as did Teton. It was a most interesting and instructive program!

Will the Past President, whose pin is currently decorating the counter of Brite Cleaners, please stop by that establishment and claim it. They're talking about charging rent on it!

NOTE BENE: There will be an important meeting of the Social Committee immediately after adjournment of next Tuesday, April 11th.

## KIWANIS BULLETIN

April 18, 1978

Today's program will be under the aegis of Woody Frampton who, in turn will present the Key Clubbers that are to entertain and enlighten us. Sounds interesting!

Last week we had no quests (or, if we did, they didn't check-in with your correspondent). Despite this the meeting proved eventful. Virg Bottarini prematurely celebrated his birthday by coughing up what is now the usual \$5.00, while we all serenaded him in our usual harmonious manner.

Kurt Hahn, our City's finance director, was sworn in as a new member. He used to be a member of the Dougherty, Cal club. Bud Christensen, in delivering the welcoming speech, really laid it on thick.

President Fred promptly gave Kurt his pancake breakfast assignment.

A letter from the City Manager was read. It seems that there are a couple of openings on the Planning Commission that he'd like to see closed by a couple of civic minded members.

Glen Davis advised that the Golf Tourney will now be held on June 11th. The money earned from this Tourney goes to support golf classes for the town's youngsters. After the tourney the Odd Fellows will be throwing a dinner.

It was also announced that the Healdsburg Historical Society will be holding an antique show and sale at the Museum on May 6th. Whaddaya mean, you don't know where the Museum is?

Program chairman Phil Cadosi presented "Mickey" Singer (wasn't he in the sewing machine business at one time?) of TFP Diamond Marketing, the largest diamond dealers in the world. Mr. Singer presented a most interesting talk about these gems and informed us as to what to look for when buying such a stone. He also noted that in times of currency uncertainty, such as now, while diamond prices have always gone up, the price trend accelerates.

AND DON'T FORGET- the bus trip will leave the Elementary School at 10:00 A.M. sharp on Sat., April 22nd. Where else can you get a bus ride, Bay cruise, round trip rail ride to the hinterlands of Contra Costa County, and a chance to dine at one of the Jack London Square fine restaurants for only \$8.00 per person? Bring your money to today's meeting and fork up as you sigh up!

NEW MEMBER: Kurt Hahn, City of Healdsburg

Eugene Perkins, Crocker Bank 433-3378

Mitch Mitchell Arco Station 433-1626

"WE BUILD!"

# THE BUILDER

KIWANIS BULLETIN

Meeting of May 2, 1978: Wayne Pelton will be our Program Chairman today, and will introduce Sally McCorgary, personnel director of Optical Engineering here in Healdsburg, who will give us an overall picture of how laser beams are used in their work.

### Meeting of April 25, 1978

Chuck Reichel had Loren Lewis as his guest, who promptly joined the Club. Nice selling, Chuck! As usual, Bud Christensen gave Loren his pin, membership certificate, and book about Kiwanis, its history and goals. Bud also detailed, in no uncertain terms, what the Club would expect from Loren.

Bob Allen introduced his guest, Al Underhill, Jerry Stringfellow of Home Bakery was also in attendance again; one gets the idea he'll sign up fairly quickly.

Key Clubbers Dave Barber & Eryck Lee honored us with their presence, and promptly sold tickets for a benefit in favor of Key Clubber Rick Domenichelli who was injured in an auto accident. The benefit will be held in the "All Purpose Room" of Healdsburg High on May 6th at 8:15 P.M. of the clock. Tickets are only \$1.00 and it is felt that our Club should be well represented in the audience: after all, Rick is one of us.

Woody Frampton informed us that the Kiwanis Jr. Golf Tourney will be held on June 11th, 1978. He also advised that 50% of the cost of this event comes from the raffle held in conjunction with it, the prizes for said raffle being donated by the local merchants. Woody then passed out solicitation assignments to those he hopes have the charm and persistence to seperate said merchants from some of their valuable wares.

Walt Wright made the 1st announcement of candidates for Club office in the 1978-1979 administration.

Tom Roscoe will need volunteers to help with the "Kids" Relay Race to be held on May 26th. Anyone wanting to join the fun should call Tom at 433-6008. While this was going on Frank Balbi passed out a "sign-up" sheet for those who want to attend the Mother's Day event on May 9th. President Fred then told us that Intl. President Morey Gladman will make his offical visit to our area on May 19th, with the goings on to be held at the Hilton Inn of Oakland Airport.

After all this we settled down to watch a wonderful demonstration of how the Sonoma County Sheriff's Dept. trains and uses dogs in finding and restraining criminals. Trainer A. Mark described how dogs are selected then trained for this use. Deputy Sheriff Dennis McAllister then showed how the dogs work and are handled under several dangerous situations.

~~BUT THE REAL STAR OF THE SHOW WAS THAT BEAUTIFUL HUNK OK CANINE, "KING"!~~

~~AND DON'T FORGET: There will be an important Board meeting at Woodley Frampton's domicile on Wednesday, May 3rd, at 7:30PM.~~

## KIWANIS BULLETIN

MEETING OF APRIL 25, 1978

Bob Allen will be our program chairman today. His speaker will be from the Sheriff's office who will talk about, & demonstrate, the use of dogs in ferreting out criminals.

We had Tony Stringfellow of Home Bakery as a guest again; it looks as if he's being tempted to join.

And the Key Clubbers: President Don Beer, Rick Alves, D. Barber, D. Hollis, P. House, E. Lee, K. Prat, M. Puccioni, T. Stringfellow, M. Singer, and their High School sponsor, G Langford were all in attendance and mingled with the Big Boys.

Then President Don Beer took over the meeting and promptly started collecting fines: for having their birthdays fall ere the next meeting Relzy Aikin and Big Bad Don were both fined the exorbitant sum of \$5.00 (that will teach the latter to keep his big typewriter shut). Ed Deas forked over \$1.00 just for being handsome, Bob Malone for having gray hair, and Woody Frampton just for the h--l of it.

Then honest "Van Cleave arose and announced that his birthday would fall ere the next meeting and so he had to cough up \$1.00 (\$4.00 discount for being honest) as well (and that will teach him to keep his big trap shut). And, since he was having so much fun, President Beer fined Advisor Gordon Langford \$1.00 for being an Advisor!

A raffle was held; Fran Branern won a yogurt maker. Just what he needed!

It was just about then that Woody Frampton noticed he had to leave and so he also left another \$1.00 in the fine box.

Contrary to what was previously announced, the Key Clubbers did not put on a program; instead they introduced "Chuck" Schnautz, late of Fabtek/Altitude and now of the Northern California Power Agency, which he is serving as an advisor. He gave us a very interesting talk about the natural resources that can be utilized to generate electrical power, and went in to the pro's and cons of harnessing each. It was noted that while developing geo-thermal energy has its problems, it probably has fewer than the other means now in use or being explored.

There will be a meeting of the Board of Directors at Woody Frampton's domicile on Wednesday, May 3rd at 7:30 P.M. It's going to be important, so be there!

# THE BUILDER

## KIWANIS BULLETIN

The program last Tuesday was presented by Wayne Felton, who took full advantage of the situation to announce his change of business name. In spite of this, his program was very interesting!

Sally McCorgary, who is personnel director of the Optical Engineering Co., explained how their lasercraft division manufactured wooden articles of great beauty and artistic value using laser beams. These are very high quality items.

Frank Balbi will be in charge of the program for the Mother's Day meeting. He makes a big secret about the contents of his program but assures us that it will be good. This probably means that he doesn't have a program but is still working on it!

Gary Rosenberg will present Ernie Comalli, Sonoma County assessor, who will talk about the tax proposals on the June ballot. Bet you won't have to guess what he will say about No. 13!

Guests at the last meeting were Dick Van Borstel, operator of the Heron Lake Christmas Tree Farm, introduced by Tom Roscoe, and Jon Thibodeau, candidate for Sonoma County Clerk, introduced by Mitch Mitchell.
