Jess Ratchford to day - chairman; prize giver; speaker all at the same time. Disciple of the great law-giver, Nestor, and with the voice of Stentor, our jurist will expound the law from Blackstone down to the present time.

Published Weekly by the Kiwanis Club of Healdsburg, California

RECIPE: Put together McCaffrey - piano; Osborn - drum; Craybill - trumpet; Schwietert - "base vile"- and an orchestra is born! White pantaloons and "tails", conspicuous accessories, right togs, for right artists, right time and place - all for our pleasure, astonishment and bewilderment Tuesday last. Their music gave some resemblance to Sweet Sue, Dark Town Strutters Ball, Whispering, and others equally unrecognizable. A good countrepart for a barbershop quartette. They performed to a captivated throng. Come again, boys.

Did you notice that Cotton is back with that roughneck squad? We thought he had deserted forever. But guess it's his own business. By returning, if he wants his records continuously stolen; his fine moneys embezzled, he'll be getting what he's asking. Can't trust 'em.

Three of the best of the bunch, with wives, took in the Sonoma party to meet and hear International President Don Murdoch, 3/28. Russ, Jim and By, perhaps, may tell us somethings of this function.

Tom Ludcke speaks: "All set for those lively baseball games. The Yakimas are on our diamond once again. Once more Healdsburg community must make good. Kiwanis must and will do her stuff. Let's dispose of the very last ticket to day. Time is the essence. Sunday and week day let us all sally forth to fill the grandstand and the bleachersto the extent that thoes League boys come again."

Now comes a communication from Roy Haley, addressed to "Secretary Emeritus", Healdsburg Kiwanis Club. Such title ! How come ? Fully appreciated and all that; but, did Al Huddart just coin it, or did he get authorization from International ? Now and then a bit of extravaganza spices up Al's serious observations, you know.

But to come to the point, Roy states he has commandeered the services of Mr. H. J. Soher of San Francisco, who, after returning from a five month's trip across the United States, will give us an idea of the business conditions in our Nation. A return engagement.

Glad tidings of great joy. Once again Walt Marshall is to wear a Kiwanis pin, and this very Tuesday. He should receive a 2nd degree.

As chairman of the committee on Fringe Area movement, Secretary Roy has some important duties to perform, working in the name of the Chamber of Commerce. With it and other agencies Kiwanians BUILED.

Don't forget those towels and washcloths to day. BRING 'EM ALONG.

ON TO EUREKA : To date Rolzy has about a dozen signed up, but as the date approaches there'll probably be many more. Your scribe, in days gone by, had one of his most enjoyable times. So said all of us. While Eureka is not now in our Division, nevertheless we're not divorced socially. Fine town. Fine club.

Nearly forgot to tell how Barrister Jess Ratchford warned us to pay our bills, or the IAW'll get us a la Attachment. Cruel procedure, Jess. A practice that robs Peter to pay Paul, plus the attorney.

This should call in a gathering of the clans - all of 'em. EXTRA !  
California Varsity Debate Team - Don Caden, Marvil Levin, and  
Marvin Jubas, in The Loyalty Oath Controversy at the University.  
For bringing these oraters here charge Chairman Arnold Santucci.

A man of medium size, in a bigger subject; his hand on the pulse of  
Washington D.C., his ear to the ground; strengthened by valuable  
personal contacts, fortified with official information; filled with  
facts, and ability to transmit the same - substantially that was  
the set-up. Mr.H.J.Soher, in Conditions Within Our Nation, was  
outstanding. That Russia at this time would not dare was satis-  
factory to hear. Equally so was that war mobilization is in good  
hands, those of Mr. Wilson. Thanks to President Truman. The right  
man in the right place. Evidently enough was the speaker's polit-  
ical faith, yet not such as to inflict it on his audience in in-  
temperate fashion. Much credit is due Roy Haley for promoting such  
a fine program.

To Walt Marshall and Robert "Bob" Clarke - Congratulations and a  
hearty welcome. President Jim, give 'em the works - put 'em to work.

Public Schools Week. Chairman Bud Christensen has arranged for the program as follows: Viewpoints on Education will be expressed by four speakers and from as many thoughts -

By professional man -	-	-	-	-	-	Perry Beeson
By Business man -	-	-	-	-	-	Tom Ludcke
By school board member -	-	-	-	-	-	Francis Passalacqua
By student -	-	-	-	-	-	Bob Salisbury.

In the case of Regents versus Faculty we, the jury, heard the arguments, pro and con, but the decision is still pending. It may be a split verdict. Those three U.C. undergrads gave the entertainment a collegiate coloring - a clever innovation by Chairman A. Santucci.

We have a record of 100 per cent attendance for the month of April for many years. We're not going to fail this time, are we ?

That "fringe area" of Roy Doolan didn't satisfy Harry Latimer at all. He preferred the "petticoat" pattern instead, showing how this guy's mind is leaning. Some punster who inquired, after the heads of committees were ordered to convene, "Don't you want their bodies too ? " Guess we can't do a thing with such brand of wisdom - except to let that gray matter continue to function in its own idiosyncratic fashion. Alright stuff, Harry, Keep it up.

Some time ago The Builder opened up its columns to advertisers. We're threatening to repeat. And if you don't care to write up the Ads we'll try to help you out. Of course a reasonable fee must be charged for services rendered. The President will fix the amount of tax. It pays (the charity fund) to advertise.
