Chairman, Van VanCleave. Speaker, for all the world, Chuck Campbell!

Watch out for Chuck's vitriolic bite to day. For he's coming with the "rabbits" and with the viciousness of an oratorical canine. And that's Chuck's subject for discussion, RABBIES. Chairman Van will present this doggone veterinarian and furnish a hunk of dog food for attendance prize.

Sam Hood made good - poetically speaking. The Lieutenant Governor delivered a dissertation on something like "the trend of the times" just like no body's business. We, a traditional Democrat, might say the orator in his eloquence didn't call a spear a spade, but he spoke his mind without fear or favor, and regardless of an occasional solarplexus punch. All in all, Sam, you got away with it pretty well.

Another fine address, two weeks ago, was that by Mrs. Vera Schultz. She, too, cleverly got away with another "non political" speech - on "Lobbying in Sacramento." This incidentally Democratic candidate for State Assembly proved to be one of the forceful speakers of the season.

Tuesday night, April 25, an excellent review of committee work in the club, under the leadership of Governor Sam in his official visit. All important committees were present and spoke their pieces in a thorough fashion.

Announcement by Lyle Ingols: "FRANKIE IS COMING." This for May 16. If some of the gang don't know who is Frankie you will when you see and hear him. A BIG program ahead.

As we go to press the Future Farmers Country Fair is booming, our Kiwanis booth at the very gateway beckoning all "Come In."

MAY 9, 1950

"Palestine" will be the subject for discussion this meeting, by Mr. Edwin T. Golden who has been there and can speak from the card. Garry Rosenberg, Chairman.

We have it by report that "Chuck" (Bring 'Em Back Alive) Campbell gave a very informative talk on Rabies (notice the one "b" this time). Also, ~~also~~ that Larry Smith, gentlemen of fine religious propensitives, regretted he missed the bathing beauties while on an unseasonable sojourn on the Atlantic coast. This, together with Col. Tom Spencer's interesting talk on his Mexican visit, evidently served to spice the program. Travelers de luxe, these.

The monthly directors' meeting, held at the home of Francis Passalacqua, May 2nd, was just another one of those fine meetings. It developed that we're going to ^{Europe} ~~Wink~~ for an inter-club meeting on or about June 20th, by train, and a good time all will have.

It was agreed, too, that because Memorial Day falls on Tuesday our weekly meet will take place of the next day, Wednesday. Remember this.

SECOND ANNOUNCEMENT : Frankie is coming. Here next Tuesday, 16th. An outstanding program this will be. The one and only FRANKIE.

Suggesting again : For the following week - no harm if the chairman will acquaint the Secretary on his program, rather than making it necessary to dig out the data as best (or worst) he may.

Rube Carlson - a man without a classification now. We nearly used the question mark,???, but just didn't. Rube hopes to remain.

FRANKIE ALBERT

MAY 16, '50. A day to which we have been looking forward, in particular, when we can see and hear Frankie, famous Stanford, and now pro quarterback of "credit and renown."

Chairman Lyle Ingols has arranged for groups of admirers from other organizations to join us in paying honor to the distinguished guest. An extraordinary occasion, this. Don't miss it.

Edwin Golden took us back to Palestine in a first hand, up-to-date and vivid story of modern Holy Land - its tribulations, battles, and now more happy home of the Jews. Thanks, Garry. Fine program.

MAY 23, 1950

We quote: "On Tuesday, May 23, it will be my privilege to be Chairman of the Day.

The speaker will be the Honorable Charles J. McGoldrick (District Attorney of Sonoma County - and a good Irishman), who will speak to the Club on Coyote Dam on the Russian River." End of quote.

Had Chairman Roy Haley just said, "An Irishman", the good, as he must know, necessarily follows.

Frankie Albert Day has come and gone. A memorable event. Thirty three non Kiwanians, football enthusiasts, came, saw, heard and were thrilled. A verbal and screen picture of professional football Frankie executing those pay dirt forward passes, Thrilling indeed. An excellent luncheon by the Auxiliary, and tables loaded with Paul Scarlets - Sully's Firehouse Specials. Rotary, Twenty-Thirtys and Lions were there to grace the gathering.

May 9th, date of the initiation of Gordon Jones. Welcome to the "Doc

For the St. Helena Club Charter Night the Secretary has 50 tickets. Secretary James Boland writes: "If more tickets are needed they may be purchased at the door." No doubt Healdsburg will be represented June 3d in the Napa Valley town.

Lest we forget - Garberville comes first, May 27th. Some of Charter-minded envoys extraordinary are pretty sure to take to the tall timber for that blow out too.

Wonder which is that aggregation, fraught with explosive potentialities, but now resolves henceforth to cease all firing. To such a group we say CONGRATULATIONS. Period.

Ted Kellogg has an interesting report to make on the F.F.A. tour of this agricultural district, May 17th. Space not available here we'll leave it to Ted.

WEDNESDAY, MAY 31, MEET AT BELLEVUE VILLA

Last week's announcement all over again - Roy Haley, the Chairman; District Attorney Charles McGoldrick, Speaker; Subject, Coyote Dam.
(Round table at noon Legion Hall)

After listening to Chief Probation Officer of San Francisco last Tuesday we are forced to the conclusion that the teen agers are more of a problem than we thought. Startling is a mild term for many of their criminal acts. What is the remedy? If any? Only the colaboration of different agencies will be of material help. So declared the speaker. And we have our little troubles right here too. Fortunately, in this small community, we can control.

In point of importance attending our last meeting were four Key Club boys - worthwhile boys, and so different from those young San Francisco hoodlums as described by the speaker. Boys from uplifting environment, of proud parentage, reared in a small community with a minnimum of distractions and mambers of one or more clean, recreative and instructive organizations. Kiwanis is for the boys, and girls.
