Chairman, Relzy Aikin. Speaker, Mr. Chester Ward. Subject, Veterans' Rehabilitation Program.

Home talent did full justice to Public Schools Week. Substantial talks by that local foursome. Bud Christensen's fine program.

May 15th. Save this date for Ladies Night. Something exceptional.

April 24th. Key Club Parents Night. Upwards of a hundred present. Key Club Committee of Kiwanis, the sponsors, Chm. Lyle Ingols. And a pretentious program it was. Subjects discussed by these boys: Key Clubs; Future Farmers; Art Club; Publications; Athletics; and Student Government. Guest speaker, Kiwanian Russ Stevens. Perhaps the most outstanding event since Club's formation.

First Honorable Mention - this again is the reaction from our '50 Achievement Report. Such returns in addition to first prizes in days gone by make us happy in the assurance we do somethings here.

Seven of our live ones took in the inter-club meet at St. Helena, Monday night last. May 5th, five couples "On to Benicia."

"O Henry" - alias Cotton Williams has the program in hand. And he has influenced one Mr. Leo Shapavolaf (for whose pronunciation we should worry) to come forward in a dissertation on "Fishing." No doubt some of us are all wet on the subject, this being particularly true on opening day, when Jupiter Pluvius turned loose to our thorough, or the thorough saturation point. So, hopefully, we're in for a good schooling to day.

Don't forget to remember Ladies Night next week. Seems there is a lot of secrecy anent this function. And we're warned the full story not to outpour - If we told you much less you wouldn't know more.

Without the presence and participation of Steve Yeager, St. Rose ace Kiwanian, how could our club survive? Guess he's taking a course of instruction on buoyant boisterous behavior at our institution. He should graduate summa cum laude.

Vacation time near. Protect that attendance by arranging for the punctures, blowouts and motor knocks to take place hard by some Kiwanis town.

What about a delegate to International Convention? One month off.

My pipes go all the world around - overland and ocean bound; hard as coke (and this no joke), some we even make to smoke! Through these our Healdsburg waters flow; give shelter to the poor ho-bo. Fire and rain proof guaranteed; rubber goods there is no need. This Ad of mine, as it would seem, I'm telling you, is no pipe dream. Values, multiplying twice, are very cheap two times the PRICE. Look up the boss; mistake not him - stately, stallwart, slender - - - - - "SLIM.

LADIES NIGHT    RED LETTER NIGHT    GALA NIGHT    MYSTERIOUS NIGHT

Why all the mystery ? How come ? What the L ? Even the editor hasn't the low down. But, it's alright. Tom Ludcke's got something sacred, we believe, and he'll spring it this night. Come one, come all. We'll see what we shall hear. Suspense, curiosity, are bound to bring you hither, with the lady and friend. SEVEN.

For the man who won't appreciate a real entertainment a round table there'll be at noon, Legion Hall.

"Help Make California-Nevada-Hawaii District No.1 in '51" Each club committee must meet in May, that Lt.Governor receives our Committee Activity Check Chart in June. Get busy.

Fast work ! Just fifteen minutes, and \$74.00 rolled in for the Future Farmers - thanks to Auctioneer Walt Wright's magnetic exhortations to buy; and many thanks due the business men for contributing the merchandise.

Take notice: Chow at SEVEN-THIRTY, not 7, as indicated above.

I'M THE SPONSOR AND CHAPERONE OF THE MOST ENERGETIC AND PROLIFIC SPECIES OF CHINCHILLAS. DEVOUTLY THEY PRACTICE THE GOOD BOOK TEACHING - "MULTIPLY AND INCREASE." THEY KNOW THE FINE POINTS IN THE ART OF PROPOGATING. THEY BREED IN WHOLE-HEARTED AND AMOROUS FASHION. NO RACE SUICIDE IN THIS FURRY FAMILY OF MIND. THEY DO BUSINESS ON THE SQUARE. COME AND SEE MY LITTERS IN THEIR VARIOUS SPHERES OF ACTIVITY. COME AND SEE. ADMISSION FREE.

We have only the meager information that Ted Kellogg is to be the program chairman and that someone will talk on Soil Conservation.

Of all the home-grown performances portraying the idiosyncrasies of the human mind - that of Tuesday evening last was the most remarkable. Program specialties smacked of the product <sup>of</sup> crazy galutes embarking in the realm of the ridiculous. But the responsive audience seemed thrilled and the stunts just "took." Two part comedy nearly took on the semblance of the tragic. Wonder that Ray Wain-scott didn't wear home a "charlie horse" and fractured pelvis.

But the menu !!! Ordeing Holland Herring and you got ham. Eggs Alexander was translated into the same part of the pig. And again, Fillet of Anchovies turned out to be a delicate cut from the rear section of the swine. What false and fraudulent representations ! What a travesty on truth ! Best and funniest Ladies Night ever.

Notwithstanding, how delightful ! Altogether, a show unique, extraordinary, Mysterious - culmination of the excentric gray matter of Ladcke and his half dozen youngbloods - club Freshmen, they are. The irony of it all. LADIES NIGHT, placarded FOR MEN ONLY !

The Federated Ladies did themselves proud, putting on the banquet.

When the Captain of the Highway Patrol of this county comes forth to make a speech we can imagine his subject. Those of us who do not know how to drive a car safely Capt. Sam Kirkpatrick will put us wise to day. Don Oakleaf, Chairman.

We think it must have been a record in point of members coming in late and going early last week. Such EXODUS as never contemplated in Kiwanis! But, of course, each deserter had the president's permit - we don't think. Will there be a repetition to day?

Mr. Harry Sheldon of the Gold Ridge Conservation group gave an enlightening talk on waste soil and how to prevent it.

A "bakers' dozen" - 13 of our family attended the weekly meeting of Ukiah Kiwanians, May 22nd. We must, and we do, think a lot of the fine fellows to the north; We banded them together, you know.

Month of May nearly finished; and have you committee chairmen reported the activities, as requested by International? Do it NOW.

With the President's promise there'll be no more two bits advertisements we've agreed to continue those -
