On the screen will be "Last Atomic Bomb Test at Bikini." Substitution for Finny Frisch, who has forgotten his job and is now in No Man's Land, is Ieland Sayre, acting as chairman.

One of the most constructive and instructive questionnaires ever occurred last week during Mr. George Burkhead's discussion on Social Security. The latter knew his stuff. Our men wised up too.

It happened in the misty days long long ago. Jess Ratchford (gentleman of resource and acumen) proposed a club auction stunt. Get busy collecting "goods, wares and chattels" from members and the hoi poll - hardware, software, mechanics tools, clothes, tokens, keepsakes of sundry sort and use, auction 'em off to the enrichment of our club exchequer. It worked.

Right here on the appointed and well advertised night gathered the multitude from the four corners of Healdsburg, to bid on those very priceless, (?) assets. On the stage was thrown together a conglomeration of contributions to the cause. Exhibits of value, and nondescript doohickeys of questionable worth - What a mess!!!

We can still hear the bark of the auctioneers - Bill Massoni, Jess Ratchford, Harold Rosenberg, of blessed memory, and another hypnotizer, vying with each other for the swiftest and biggest sales. The goods went like hotcakes. And a good complement of coins dropped into the kitty. Yes, it worked. This winter, let's do it again.

Before the end of election day (Monday) members are here reminded - relatives and friends too - to help out the proposed increased school tax measure. Our club has sponsored the movement, which means it is the proper thing to do. Election held at the Elementary school house, hours: 12 to 6 P.M. "Win the War" with your ballot.

"REHABILITATION THROUGH THE MEDIUM OF ATHLETICS" - some elongated subject, wouldn't you say? This, by Mr. Clem Swaggerty of San Quentin. Cotton Williams, Chairman.

Many thanks to Louie Luciani for those pictures on the last atomic bombing at Bikini. Thrilling. It would have been the "Last of the Mohicans" had they been within striking distance of this "fireworks."

Wonder if Kiwanis didn't have something to do in putting across the movement for increased school tax. Nice victory, this.

And again. Our sponsoring the Ukiah club is no insignificant act. Let the records show. Presence of our fifteen members at the historical occasion served as official witness to a happy event. Congratulations, Ukiah. We'll be with you September 11th.

Because of deletions only three members qualify for Legion of Honor. These names will be divulged later on. Honor certificates and Honor lapel buttons shall soon be theirs. We are referring, of course, to Healdsburg Kiwanians of 25 years' standing.

Another good directors' meeting, this time (Aug. 3) at Eue's home. Nice service by the pedagogue and wife, particularly the latter.

Next week, cronology of coming events - yea, important events, too.

Last week "By" and Earl visited the new Ukiah club, the latter making the principal talk at the meeting. O yes, Art McCaffrey chaperoned the pair.

Deer season ! With all its antipations and fascinations. Time to divorce the fancy togs and neckties. Time to flee from the monotony of civilization and hie to the high altitudes for the wily fourpointer. Our men went, saw, and conquered. They kept up attendance too. Some sports.

Senator Clarence (Red) Tauzer will address us to day on a selected subject. Marvin Meader, Chairman.

That was an interesting, if purely pessimistic, picture painted by Charlie Scalione of his maternal fatherland. He gave us a lot of facts on present living conditions in Italy, and facts are what we want - all of these. Since the wars all Continental Europe, not alone Italy, is considerably shot. Are there no redeeming features for this land of the Latins? Perhaps time did not permit the speaker to tell how Little Italy is working hand in hand with ourselves against a common enemy - Communism. Possibly, for like reason, we did not hear about a Christian organization there being foremost in this fight for freedom and against threatening totalitarian shackles. Is it such organization, the greatest humanizing influence in that land, that is bent on an unholy practice of ruthlessly wresting the last dollar of savings from a poverty-stricken creature living in a war-torn land? Period.

Keep in mind two significant dates: At Ukiah, September 11th, division meeting and caucus, LADIES NIGHT.

At RENO, October 11-13, California-Nevada District Meeting- we should have said Convention.

Anent the above named future functions, seemingly much enthusiasm prevails in our group to attend these. And why? At Ukiah it's Charter presentation to the newest division club, plus business and social activities too alluring to miss.

Reno - The Biggest Little City in the World. What anticipations!

LAST DAY OF AUGUST

1948

Chairman, - - - - - GARRY ROSENBERG  
Speaker, - - - - - ERNIE NEVERS

Remember this former Stanford and Professional athletic star ?  
Well, it's the same Ernie who will speak on a selective subject.

In a most persuasive and forceful talk Senator (Red) Tauzer told us why we should kill Number Thirteen<sup>n</sup> on the November ballot. Santa Rosa's Kiwanian "Red" has spoken to us many times in days of the past. He's lost nothing of his oratorical ability. Better do as he suggested when going to the polls. He knows his Amendments.

Rather touching. Bill Edwards writes: "It is with sincere feeling of regret I am addressing this letter of resignation to my fellow Kiwanians of Healdsburg. Opportunity has beckoned, and I have had to leave the truly wonderful community I learned to love so well. - - - There are sixty-five (65) reasons why it was a heart tug for me to do so, and you know all of them by their first names. Never in all my life have I had the privilege to be associated with such a fine group of men."

Bill has gone into business in Portola. We can pick him up on our route to Reno, October 11th.

Club By-Laws now up to date - result of last Tuesday's vote. A few "scratched" the ticket;- the Roughnecks, of course. Yea, Hibinders.

The coming of ERNIE NEVERS should bring you out to day. Be there.
