SEPTEMBER 5, 1939

Chairman Frank Sohler has signed up Dr. B. L. Zinnamon, County Health Officer, to give us a talk, presumably on matters connected with his department.

In Europe: Bullets are flying; bombs are dropping into the ranks of helpless innocent human beings; reported that deadly submarines are ruthlessly conducting their diabolical business.

In Healdsburg; U.S.A. : All is well, peaceful and happy, comparatively. Our Healdsburg Harvest Festival is on; a wealth of gaudy decorations adorns our little city; thousands of joyful men women and youngsters celebrating Labor Day in fitting style.

Furthermore: We had a Kiwanis picnic too. Supposed to be, and preparations for, a Division affair. Aside from our own delegation were three from Benicia, two from Sonoma, One, with family, from Santa Rosa, Zero from Napa and Vallejo. For the mere sprinkling from Division clubs our fine swimming and boating facilities, golfing, tennis, plus a sumptuous dinner there seemed to be real enjoyment. We hope the rank and file of all absentees found far more attractions elsewhere. Of course, we could not expect much of a representation from the far away northern clubs. However, Healdsburg, so nearly alone, put over a creditable function, we think. Our committees did nobly. The dinner was pronounced right up to snuff. As is its wont, our club showed its good will. Where is the incentive for future inter-club meets ?

In his presentation of municipal affairs Roy Haley, The Mayor, did an excellent job last week - a most creditable treatise, we must say.

TUESDAY

SEPTEMBER 12, 1939

The Pac.Tel.& Tel.Company will put on the program to day, at the instigation of Chairman Bill O'Brien. Come and feast, and "cut up" a bit, and then relax in your chairs while up to date movies will command your sobriety, silence, soothiness, sleeplessness and snoreless studiousness. -- Now, if this doesn't stir you up, GOOD NIGHT!

We like to comment on past performers; first, to give the talent their merited commendation; again, for the purpose of Kiwanis records. Accordingly, we are constrained to say that Dr.B.L.Zinnamon fairly educated us on the County health officership. And he sold it to us unmistakably too. What a meaningful department is his!

At Santa Rosa, Thursday, September 21st, Division meeting, when our next Lieutenant Governor will be nominated; when the one and only Harry Lane, Dist.Governor will again wear for all that happy smile and extend the glad hand to his local Kiwanis regiment.

Remember our own Division gathering last year in Healdsburg? Can Santa Rosa eclipse our sponsorship of twelve months ago? Perhaps. But let our group drop down and see just how it's done. Furthermore, we should be crazy to get in on that big dinner, to participate in song and frolic; then, to get that Kiwanis thrill from the program.

Lest we forget. The Chain of Friendship, presented in beautiful manner by Santa Rosa. Senator Herb Slater was at his best in his impressive talk. And we carried it to Eureka - that is, Russ Stevens did - and this alone argues for an exquisite performance. Leave it to "Steve" to do the honors when duty calls.

Remember those striking pictures, taken in the Trinity Alps, and presented by Finnly and Floyd a year or two ago? This picturesque sportsmen's paradise of California? That huge buck subtracting himself from the antlers' velvet? And those magnificent rainbows, the like of which only compared with those beauties purported to come from the U-Ketchum pond at Mt. Lassen? The artist, none other than one Ken Lewis, naturalist, extensive traveler and once co-camper with "Fin" and the "Squire."

By the selfsame Ken and projected by Fin, a different set of colored pictures to day. Hawaii, with its South Sea entrancing, dancing dames; Japan and China, in customs and costumes Oriental; East Indies, in all their quaint, curious and colorful settings. Who should miss such entertainment as this? A veritable "Gayway" in colors.

Quite different, the program of last week. Telephone tools, implements, gadgets, thingabobs and sundry concerns - all necessary weapons for the telephone craftsman. Mr. Tom Charles and D.S. Osborne translated the exhibits into real mechanical functioning.

A brand new member to day - perhaps. Guess who.

The Builder never says anything about delinquent dues. Why should it so do when John Doe knows his dues are due?

Last call: This Thursday night, Hotel Santa Rosa, seven thirty, Division meeting, Governor Lane and other higher-ups, wives and friends, all gathered for a big banquet and a big time. Must sign up to day. You can make up a meeting, and dance with the other fellow's lady.

When it comes to the middle of a red hot day, and Sol, ol' boy,

shoots a burning ray, an' the editor 's supposed to have something to say 'bout what's on tap for this Tuesday - don't expect very much this time, we pray.

Hence, these cryptogramatic hints : English Andy Anderson, Chmn. Mrs. Chas. Bishop, speaker. "What is Progress", subject. (Maybe it's Doctor Andy's brand new, up to date dental building).

Pictures spoke last week. Stop off stations in the Pacific, cute colorful creatures (dancing maidens); orientals queerly togged, exquisite views of sea and land, etc, etc. Thanks to Finnly and Paul, projectors; and to Ken Lewis, artist.

To our 50th member, Del Simpson, welcome to the peace officer. Hope you'll arrest Bill Massoni, Slim Price and other roughnecks, those uncrowned kings of disseminating disturbances.

Division meeting at Santa Rosa, Sep.21 - well put on and over. A baker's dozen of us enjoyed it. One of the very best. And the theme: "I'd Rather Belong" - by Dr.Fred "Buck" Ewing - a masterpiece. Our sister Santa Rosa club deserves congratulations.

District Meeting - Oakland - ^{Oct.} Sept. 11-14 - Let's go in a bus.

Monday. Since the above was typed - how temperature did tumble!

The success of a Kiwanis Club is based primarily on attendance. The following report compiled by the Attendance Committee shows the record of each member for the first nine months of this year.
