DECEMBER THIRD

JIM DAVIS, CHAIRMAN

Mr. ALBERT A BLUMBERG, SPEAKER

Mr. Blumberg, faculty member of the local High School, and new Scouts leader of our Kiwanis Troop, will tell us of the sponsoring organization part presently being taken by the group headed by himself. For be it known, rebirth of Scouting is at hand in our club and community.

Other club activities for the near future as follows: Division School of Instruction for Officers, next Sunday, December Eighth, in Healdsburg. Lieutenant Governor Russ is getting his program down to a fineness. Promises to be of unusual interest and should command the attendance of a goodly number of ourselves, whether officers or of the ranks. Secondly: Our Ladies Night meeting two weeks hence, at Lytton Home. While under new management the "Home" will seem like old times, and particularly with our much revered Bill White on hand. Thirdly: Our annual installation of officers night and grand get-together, January 14th. Verily, busy times in the offing.

O yes, this Thursday, Dec. 5th. For behold! On this day the old and new Directors meet in joint assemblage, as is our wont, and ministered unto by retiring President Earle. Further announcement to day.

Chairmen for the balance of 1940: Cooley, Latimer, Coffman, Meyers - in order named. Kindly advise the Secretary on your programs.

In last week's issue The Builder just about fixed the Big Game score. Missed by a single kicking of a goal. Next year, you gamboliers, who'd like to be wised up - consult the oracle of the City Hall.

Christmas is coming.
So is a Kiwanis Scouts
troop - hopefully in the
very near future.

Now, that the "take off" has been made within the circles, our
"landing" will be executed on the bias:

Last Sunday afternoon Mine Host Healdsburg catered to those
Thursday, our "Profs" and "Undergrads" in Division Training School.
Board of Directors adjourned sine die. Members and President exchanged fitting courtesies; outgoing and incoming organizations broke bread, consulted and legislated together. No Dutch treat this time; for, in keeping with past practices, ^{Pres. Earle} graciously stung himself for the half buck per plate. Some opined the paid Secretary should do the honors. And he'd be tickled pink - were it not for breaking a long established, much revered and sacred tradition! However, and hereafter, he may do this little thing - now that the Third Term has has been okeyed.

The class of students (incoming officers) were majoring in Kiwanis Education.

Nice gathering this, consisting of a double quartette who had "done time" in official capacity, and understudies anxious some day to receive a Kiwanis degree.

Lt. Governor Russ did nobly.

Complimenting Chairman "Hick" - securing in double-quick time a good speaker, Dr. Dwight Barnett, with a good account on the County Hospital. A first class institution, it would seem.

Thinking of Christmas festivities, wonder how that double quartette is tuning up.

Program for Installation Night, Jan. 14th is fast rounding out - so says President Earle.

President-Elect Paul announces school of instruction for committee chairmen for this Wednesday evening at 7-30, High School library. All officers and members are invited to attend.

Lieutenant Governor Russ participated in like gathering of Santa Rosa boys last week, and headed by President-Elect Al. Roemer.

See you at the same old rendezvous this Tuesday noon. Be thar'.

SAYS THE BUILDER

HEARK YE, HEAR YE, IN KIWANIS!

CHRISTMAS TIDE ONCE MORE'S UPON US.

TIME FOR BANDING, E'EN AS BROTHERS,

WISHING HAPPINESS FOR OTHERS.

WHO WOULDN'T HEAR THOSE BELLS A-RINGING;

IN UNISON FALL IN THE SINGING ?

HE WHO'D MISS THIS CHRISTMAS DINNER -

ALAS! WHAT A KIWANIS SINNER.

AWAY WITH WORK AND STRIFE AND SADNESS:

TIME FOR GOOD CHEER AND JOY AND GLADNESS;

TIME FOR YOUNG AND OLD TO MINGLE

IN A HAPPY CHRISTMAS JINGLE.

Nice turnout of committee chairmen Wednesday night for President Paul's very successful school of instruction.

Still remembering that
 touching Christmas discourse
 by Senator Slater last week.
 And those sweet carols, so
 heavenly executed, inspired
 by "Sugar" and Elmer.

RING IN THE NEW
- O -
HAPPY NEW YEAR

This final issue of The Builder for year 1940 reminds us of the poet's immortal "Last Leaf Upon The Tree".

Here, the last leaf of fifty two weekly bulletins for the now fast decaying '40; and by the same token the end of thirteen years of Healdsburg Kiwanis journalism - such as it has been. Feeble contributions; but "We Done Our Best".

This Thursday, January 2nd, meeting of the Board of Directors in regular monthly session, - the new Board, be it said. Whether the old order of things is to continue, or whether or not there is to be a New Deal, may it be in the best interests of a club proud of its past and present.

Well executed address last week by Adj. (Stew) Kelso, on Christmas expressions and legends. And

those decorations, artistic efforts of the Legion Ladies, Al. Huddart, et al., afforded beautiful settings for the occasion. Virtually a second observance of Christmass Day, with sweet anthem singing and plenty of good cheer.

Only two weeks hence and our biggest get-together is at hand - the night of installing officers, of feasting, singing, listening to words of inspiration - all in the presence of the better halves. Keep open this date, Jan. 14, and be on hand - or a ton of grapes of wrath will be showered down upon your sinful self.
