THIS WEEK  
Tuesday  
January  
Seventh  
'41

Charlie Null, Chairman. Rev. N.E. Gibbs, Speaker. If you'd know in advance how goes it at San Quentin the speaker will tip you off alright. Not sure the Chaplain's theme will be, "I come to prepare a home for you", but we'll see.

LAST WEEK  
On the eve of the  
New Year  
and  
What resolutions!

Resolutions really smart; resolutions from the heart; resolutions meaning "Nil" - can hear 'em resolutin' still. All in all, the whole session, enlivened by the ceremony man, Li'l Johnnie Morgan, was fitting enough - good for soul & body.

NEXT WEEK  
January 14th  
Heap Big Nite,  
This  
To wit:

Probably most colorful annual mixup ever. With wife and friend come and show cause why you should not be there. Installations, elevations, felicitations, and kindred things on tap. Crown-rites for officers this night; and we'll "crown" all absentees next meeting day.

Nice gesture by President and Mrs. Crabb in convoking the new Board of Directors at their home for lunch and first meet of the year.

Treasurer's report shows a healthy balance ; 'twill be above par when "Bills Receivable" are all in.

As recreational center, "hands off" the Club House, cried Kiwanis Directors.

Luncheon fees refunded members making up at other clubs - if they notify House Committee.

Claims presented and ordered paid - all of which took place at the aforesaid Directors' meeting.

All squared away for our 19th year in Kiwanis. The outlook is propitious for a banner year. No time or place for laissez faire. In the First World War General Bing said to his army, "We expect every man to do his damndest" - Let each and all of us do likewise in '41.

This annual assemblage of friends to witness the ceremonies attendant to the one official class graduating from a year's course of leadership, and the induction of the succeeding group into curricular action - why not term this significant occasion, Kiwanis Commencement ?

The outgoing are to be handed diplomas of thanks and appreciation for a well completed course; the incoming shall be invested with the regalia of responsibility in twelve months' of service. Truly, smacks of a collegiate affair.

Rather than to attempt a forecast of the evening's program in detail, why should we not permit the same to unfold itself in natural sequence from the first sound of the gong ? We hesitate to mar your curiosity when the principal actors are well skilled to more eloquently speak their own lines for our interest and entertainment.

Be on hand to greet scores of visiting Kiwanians; to participate in turkey and trimmin's, in sociability and song; to note how Vallejo and Sonoma and Healdsburg all mix up in installing acts; how Napa, Santa Rosa and Benicia are going to perform; to hear talented musicians from abroad, to hear words of inspiration; to witness the greatest concourse of men and women ever to join in this Healdsburg annual festivity.

No noon meeting to day. We'll more than make up for it to night. This Tuesday Eve. at Legion Hall, Seven sharp.

The Builder suggests to come in group formations. This has its particular advantages. Reception Committee, be on your toes.

1/21/41

A timely subject to day: The Greek War, by attorney John Hodgos, himself from that land of ancient warriors whose gallantry in battle is being exemplified to day, after a lapse of more than 20 centuries. We have heard the Battle of Britain; now it's the Battle of Greece and Greek heroism in defense of their colorful country. Ed Beeson has the program in hand.

The banner Installation Meet is now of past history. But we'll be harking back to that evening of 1/14/41 for a long long time - a red letter night for Healdsburg Kiwanis. All participants did nobly. So did our neighboring clubs with their representations. Think of it: Little Sonoma here in a body and in a bus! Thoroughly installed was Ruler Russ, and, as fully fledged Lieutenant Governor, just so thoroughly and entertainingly did he clamp the insignia of authority on the breast of the new President and his cabinet.

Committeemen, here's your list. Preserve it; refer to it; you need it:
