PROGRAM

Jim Davis comes out of his Shell (Oil) enterprise to act as chairman to day.

A twenty minute film, we understand - better than twice that time for our busy bunch.

Interesting discourse last week on peons, peoples and progress in Latin America - by Mr. Galen Geller, who went and saw and returned to us with a message.

Once again - just that all may learn - WHAT IS THE KIWANIS THEME FOR FORTY ONE ? Wise up to the answer and you'll cop the prize.

Directors' meeting Thursday - this week. Who'll forget to remember ?

- 0 Last meeting for Past President Earle for many weeks to come.
- 9 He's off on a 10,000 mile trip.
- 0 Bon Voyage to Earle and Agnes.

That singing! ! Referring to last week. Two songs simultaneously sung have gone over at times - with reservations. But three at a time were executed last Tuesday with perfect inelegance. Some were delighted; some disgusted. How long, O Lord, how long shall this perfidious practice prevail ? Just a matter of artistry?

Our Lt. Governor Russ, plus Cleone, guests of President Dave Wright at the Napa meeting last week. A delightful program reported.

For Kiwanis purposes, this week, Tuesday noon will be Wednesday night; and Legion Hall will be Buffi's Inn. Do hope you will digest this broadcast - lest you get all crossed up.

March 12 - EVENING at SEVEN.

) For, be it understood that we  
{ shall jointly meet with the 20-30  
{ clubbers then and there, for get-  
{ together enjoyment, and to see and  
{ hear the only Walter "The Great"  
{ Mails in characteristic baseball  
monologue.

All of which argues for a change of time and change of venue for this weekly meet - by decree of the Board of Directors issued last Thursday morning at a 7-30 ham an' breakfast, ~~7-30~~

Directors did: Appropriate \$5.00 to the Infantile Paralysis Foundation - Hand over \$25.00 to the local Recreation Committee - Authorize payment of all claims - Grease the rail for the Secretary's journey to Oakland for the District Public Affairs Committee meeting - Endorse Amended Application for bus line between Fort Bragg and Santa Rosa - Designate evening of March 14th for the Kiwanis entertainment, put on by High School musical talent, an' other things too.

Anent the entertainment, we speculate that finishing touches will be put on at the Wednesday night meet - re disposition of tickets, etc.

Good work is being done by the Under-privileged Child committee, - financing meal tickets for some needy ~~and~~ school children; purchasing shoes and groceries that others may be comfortable; parceling out dental service amongst our Kiwanis Pros for many youngsters in need thereof. Work of charity by our Benevolent dental delegation, which incites to quote: "In a democracy the welfare of every child is the concern of all citizens."

Now gentlemen, those of you who do not go down to Santa Rosa to hear Bro. Leo, come to our joint meet Wednesday night, showing courtesy and cooperation to and with those fine Twenty-Thirty boys.

3/18/41

To begin with The Builder is in a position to state that the Kiwanis musical entertainment of Friday evening was a social and financial success. "The best ever" seems to be the verdict. That's music an' rythm in that that High School of ours. Thanks to Princ. Paul Crabb, Charles and Mrs. McCord, to

Miss Doris Pety, the students taking part, ticket dispensers Messrs Frisch & Latimer, and to the little uniformed Scout, Ira Rosenberg, ticket receiver, usher and all-round utility urchin.

Fireworks on the frontier to day! Not deadly bullets, but keen questions fired at each of the brethren, for their intelligent ? comeback. With gavel as weapon the commissioned Stunt Committee is to be on the firing line. Subjects of interest, spreading, like Fuller's paints, all the way from Public Policies in Peru to the awful split in the City Council on the housing problem of the Healdsburg Fire Department. - LET 'ER GO!

That joint mixup of ours with the 20-30 club proved that the young and oldsters can still be pals - a good time by all. Colorful, "The Great", Mails was muchly missed, however. Nice gesture to us by Twenty-Thirty.

The Kiwanis Log Book will be presented to our club to day by the Eureka club, and following its reception by us we are to present the same to Santa Rosa on March 25th.

If you want the prize to day - NAME ALL OUR CITY COUNCIIMEN. Right off the reel, too.

Last club to entertain Lt. Gov. Russ and Cleone at weekly meeting was Sonoma. Nice considerations, these. Russ sings the praises of an excellent Scouts troop, as sponsored by Sonoma.

Not too late to mention happy "jamboree" of St. Helena and our own troops in Healdsburg, Feb. 24. Al. Blumberg says 'twas a gala day for the boys.

Unlike Caesar's time, glorious is the Ides of March, in Healdsburg (this Saturday).

Which tempts <sup>us</sup> to repeat:

I'd be a Kiwanian most anywhere; But give me a club in a nook

rich and rare

With NATURE enchanting -

I love to meet there.

We take for the text of this paragraph, "Beware of the Usurper". And we hasten to say that: When a Stunt Committee takes upon itself such autocratic license, liberty and brazen effrontery as to monopolize the head table, and to the utter exclusion of the President and Secretary - said act is little short of totalitarianism!!!

What wonder, therefore, that their personal pronoun program didn't go over so good?

Well, this off our chest, we remind the aggregation that next Tuesday is April Fool Day. How shall you gentlemen observe the occasion?

Chairman to day:  
JOHN CONDIE

Guest Speaker:  
CHARLES E. ENIGER

of the Department of English,  
Speech and Journalism, from  
Pacific Union College

Subject:  
"Growth of Our Nation's  
Capital"  
A democratic  
treatise

To cop the prize to day you must name our International President.

Kiwanian Frank Roy and Harry Zook came from far-away Eureka with the Log of Friendship.

It is for us to deliver same to the Santa Rosa club, this Thursday, March 27th.

Wonder if you know that our Vocational Guidance Committee holds regular monthly meetings; that it has arranged for vocational talks to High School upper classmen; and for conferences with students on particular vocations. What a hint for other committees!

Erstwhile Healdsburg Kiwanian Fred "Killarney" Cairns, now of San Rafael, circumambulated in the old town last week - he with Irish brogue and Irish wit who never fails to make a hit. Also came: Kiwanian Bill Dunlap, field representative, in the interests of enlarging our Division domain.

One thing April Fool Day will bring (no foolin)- a new wrinkle in local Kiwanis journalism! The Builder'll tell the tale. Watch out.
