Speaker to day: Dr. Fred O. Butler, Medical Superintendent of Sonoma State Home. Subject: One of his own selection. For further introduction - we'll just leave it to Ern. Frandsen, chairman.

Supplementing this will be second appearance of Jim LeBaron, overseas D-Day Jim, who gave us his first thrill last week. Jim will have a little more time to day to unfold a fraction of his experiences abroad. His brief but clear cut story last Tuesday together with Freddy Haley's enlightening tale of action in the Philippine zone fairly took us to the western and Oriental fronts.

Home boy Alf. Parker, now a man of parts, delightfully entertained us in "Catalina, Magic Isle". A real entertainment was that of last week, and all put on by three Healdsburg boys. Thanks, Chmn. Finally.

This April 3d is to be a day and night pregnant of interest and ACTION with Healdsburg Kiwanis. The noon hour as per above forecast; Not exactly "a sound of revelry by night" but at least a celebration observing one whole year of 100 per cent attendance. To be sure, you'll "see some noise", fill up on the best viands Lucien Delagnes can dish out, tell and listen to tales never heard before, gather in the chips, and in the wee hours head for home. Who is he who'd prefer to be elsewhere on such a session as this ?

"When God gave out brains, I thought He said trails,
and I missed mine.
When He gave out looks, I thought He said books,
and I didn't want any.
When He gave out noses, I thought He said roses,
and I ordered a red one.
When He gave out legs, I thought He said kegs,
and I ordered 2 fat ones.
When He ~~said~~ gave out ears, I thought He said beers,
and I asked for 2 long ones.
When He gave out chins, I thought He said gins,
and I ordered a double one."

We are privileged to broadcast as follows: That the speaker is a very nice looking gentlemen (as men rate); a member of the best 100 percent club in all United States and Canada; that he has a subject as nice as he looks; that this high grade platform performer personally will take care of all transportation charges, and deliver his speech with his compliments to the club. What more could we expect ?

We enjoyed a bang up good program last week, as we always do. Dr. Fred Butler is a fluent and forceful speaker, and what he doesn't know about matters concerning State institutions, legislation affecting them, etc, isn't worth talking about. Then, too, there was Jim LeBaron again, What thrilling experiences our overseas boys do have ! Wish we might have one of these fellows every week.

Be prepared for an influx of new members this day. Harold M. is some roundabout rustling prosolyter indeed. As four new members "take the oath of office" - shall we give 'em a barage of fireworks?

Ed sibley: you are most welcome to our august assembly. All you have to do is fill the boots of John Morgan - and we know you can,

Ladies Night in the offing - so states Ken Conloy, chairman. So, tell your wives to bring you next Tuesday Eve, - unless other arrangements have cropped up. Talk it up to day.

Now that President "By" has held his school of instruction guess the odds & ends are pretty well caught up.

Well, the fourth attendance "blowout" is past history; so are the twelve consecutive months of everybody present. The celebration was right up to snuff alright - except that the unexpected participants meant a chicken shortage. But otherwise the boys were long.

Chairman Earl Osborn has something up his sleeve for this meet, but as the pedagogue is presently out of town we're not "in the know" as respects just what treat may await us. So, be patient until the mystery is unfolded.

Harking back to a fortnight ago, for the purpose of record, and to give our high school higherup his due, it must be reported that Neil did give us an all-time full coverage on the province over which he holds sway, scholastically speaking. A very well prepared and presented dissertation.

And last week Mr. Leo Connolly gave an understandable clear-cut talk on our veterans rehabilitation. Fortunate indeed we are, privileged to learn of the goings-on during these eventful and stirring times.

Our club is on record of sponsoring the movement for recruiting members for the local branch of State Guard. What's being done on this score?

Hugh Brunk's eulogy on our late departed President was touching and most appropriate to the solemn observance. So were the sacred songs led by Owen.

The first pitch, catch and bunt were executed by three of our members last week at the opening of the high school league. Consequently, and by sound logic, the season should be a howling success. Let's attend future games and yell for Healdsburg High.
