APRIL 4, 1939

Chairman: "Rob Roy" Henderson. Speaker: Mr. John Arthur Reynolds.
Subject: Recent Developments in World Affairs.

The second coming of speakers has been so fortunate that is called back this gentleman to day, and to discuss a timely topic. - ~~xxx~~ a subject that presently is of vital concern to the civilized world. You will recall that Mr. Reynolds favored us in an instructive address during the present year.

That was an entertaining talk on the Manchurian mixup last week by the Rev. J. G. Gjording. What long journeys the traveler-speaker saves us!

Calendar: April 6th, Directors' Meeting; April 12th, Division Meeting at Arcata; April 16th, Healdsburg Day at the Golden Gate Exposition; April 23d, Municipal Band Concert; May 6th, Benicia Birthday Party.

Presto, how speedy! Our wire to Senator Herbert W. Slater on March 28, brought back from Sacramento on the very next morning, by letter, the following response, in part: "I am not in favor of an increased oil tax." And with reference to the budget the Senator said: "Wherever there can be a justified reduction, you know I am for economy." Congratulations and many thanks, Senator Herb.

Our Specialty Leaders in Song:

Hum to the tune of Yankee Doodle.

Floyd and Ed, in long red snoot,

Set all the gang a-roaring;

And Jess and Fred, with phoney flute, -

For more, yelled we, imploring.

And then came Steve and Walter M,

With clubs, the time a-beatin';

Those other guys these sure did trim -

Yea, put to shame O. Sweeten.

And now, to day, we'll hear 'em bray - Shell Oil and J.C. Penney -

In music like - what shall we say? A jackass? or a jenny?

TUESDAY

APRIL 11, 1939

Here's a set-up you can read about right now and here, to wit: Temp Smith deposes and says : That Chairman Ed Norton really has a program for this noon hour; that Ed will have Mr. Lynn Brankamp, who, in turn, will have a message on the pro-rate question, together with slides, pictures, or other exhibits to embellish and emblazon his speech.

Ellis Harlan, movies on premises

Now, in parlance of the court, all this is plainly hearsay; BUT - positively the best brand of second hand testimony on record, coming from such a trustworthy, unimpeachable and fact-finding gent as Temple Smith. Any other sort of hearsay should not be recognized in Kiwanis court procedure.

To be doubly certain the editor took steps to contact the said Ed. Our efforts went a-glimmering. Information from home: "Down town." At any of his oft frequented establishments - W.C.T.U., beauty parlors, library, photograph gallery, church, calaboose, the Chairman of the Day was not. Met Alf Butts. "Yes, just had lunch with the lad, but a split second afterwards he vanished to parts unknown." God knows we've done our best.

However, for the program of to day let's bank on that quite convincing testimony of Temple Smith. So much for this brief ? announcement.

ATTENDANCE! First week of April, One Hundred Per Cent. Captains, Finnly and Paul have issued the ultimatum, APRIL ONE HUNDRED PER CENT. Must be a "must pass" piece of legislation.

Some top notch programs for the past several weeks. Let's keep it up.

All-Healdsburg to Treasure Island, Sunday, April 16th, together with those 5000 souvenirs of home products.

TUESDAY

APRIL 18, 1939

To Day: Charlie Scalioni, making his debut as Chairman of the Day. Sayeth the Program Committee: "Charlie, young boy, you're green at the game; and so for this time your speaker we'll name."

And it has come to pass that Lieutenant Governor Crawford, the Earl of Napa, has been selected to talk on things Kiwanis. About time for another one of Earl's profound discourses on who we are, and why, and HOW.

That picture-talk by Ellis Harlan last week, on the pruned industry, must have had its appeal, particularly at this time when the warehouse bins are "full of prunes."

OUR HUNDRED PER CENT CAMPAIGN: Slim and Walt and Coroner Fred, each man to the other said, "We couldn't be at the last meet, so let's take in the County Seat, to the Kiwanis Club we'll stroll to help attain our cherished goal, to wit: an April perfect score." Bravo! They went, and and what is more: this gallant good triumverate kept April mark right up to date - an even hundred centum slate.

SECOND VERSE:

There's what is called, "attendance sin." Let none into a slump fall in. For two weeks more let it be said, we'll keep our club out of the red - like Slim and Walt and Coroner Fred.

Next Sunday night - MUNICIPAL BAND CONCERT. Wait till we hear Owen, to day, sing the psalm of this glorious-to-be musical presentation.

TUESDAY

APRIL 25, 1939

John Morgan, Chairman; Mr. W. E. Carlson, representing the P. G. and E. Company, will address us on Developments in Modern Lighting. *Gen. Elec.*

Am I A Kiwanian? Our Lieutenant Governor, Earl Crawford, set us thinking on this subject last Tuesday. We all should be better Kiwanians after hearing Earl in what amounted to one of the most well presented, smoothest and stirring discourses of the kind. Division Eight has another "right man in the right place" in the aforesaid Earl.

Fine loyalty! To see eight members at a "make up" meeting at Santa Rosa last Friday was most reassuring - each out for a hundred per cent month of April. And again, the ninth and last absentee, our faithful boy, Arthur Rafanelli, in a distant point of the State, was alive to his duty as well. Good boy, Art.

"The best college glee club ever," - sentiment of so many who took in the last Santa Rosa Club meeting, featuring those singers from Pomona. A distinct treat, and a four base circuit of a program for our sister club.

What a thrill! What a revelation! And a good house did the new municipal band concert bring out. Kiwanians certainly did their part, under Owen's masterful leadership. Now, to cash in on the tickets.

TO THE BLESSED MEMORY OF OUR DEPARTED MEMBER, TEMPLE SMITH
