This time when High School Seniors take a holiday, and repair to the American Legion Hall as our guests for the luncheon hour and twenty minutes.

As of yore, we oldsters and youngsters will get together in the main auditorium - for elbow room, refreshments and jollification. Each member should get two of the youthful guests under his wing, introduce him or her and help entertain those samples of Young America. GOD BLESS AMERICA.

As we were thrilled last Tuesday by Major Kidneigh's classy address, referring to departed ones, we shall be enlivened on this occasion while giving consideration to the younger generation who are destined to be the soldiers of peace in the future, we confidently hope.

A reminder of former Kiwanis days was the visit of Joe Miller, the club's first president. Joe who spent the week-end in the old home town is still a staunch Kiwanian at heart - tho' presently of another affiliation.

Silently preaching; "The Lord loves a cheerful giver" - How, via the fine route, how John Stubbs did gather in the shekles a week ago! Here's hoping said cleric's church congregation in Eureka may just as generously contribute to the passing plate.

Nearly forgot: We must have a chairman to day; and Hick is he. A songfest leader also; Of course, "Sugar" it will be.

Chairman: Harry Latimer. Speaker: Mr. Charles G. Holme, who who will enlighten us on the quick freezing of fruits, vegetables, an' lots o' things.

Aside from the speaker's discourse an unusual and outstanding treat is in store for us to day - a group of vocal selections by none other than Healdsburg's talented tenor, Henry Passalacqua, who will be accompanied by his also accomplished daughter, Mary. He who would invite a guest for this most attractive program, should notify Finnly in advance.

What a glorious time was that of last Tuesday! Upwards of 100 High School graduates as our guests, feasting, singing, socializing with us "old folks", and listening to Col. Jack Major in one humorous presentation, the like of which never has been eclipsed in the history of our seventeen years of "putting on the show." Again that Kiwanis trophy was presented to the designated "Best citizen student" . A proud occasion for Richard Young Jr. Also, for his parents who were on hand.

FLAG WEEK, this. A time for singing the Star Spangled Banner, in observance.

Harold M., "Shouting" Bill are back from Way Down East. We sure have missed 'em. Charlie C. we hope will be taking <sup>in</sup> the International Convention next week.

You summer vacation man "Make up" in advance if you can. Remember the treat to day. Too bad if you stay away.

Speaker to day: Mr.E.J. ("Nin") Guidotti, chairman of the County Board of Supervisors, who supposedly will dwell on the ups and downs in Sonoma County's legislature. While our only Hick was the chairman but two weeks ago, our information and belief is that said Hick is to perform again this time. How in demand some of these mortals be!

Nothing short of a red letter day was that of Tuesday last, when we were thrilled by the voice of Henry Passalacqua, in opera selections and popular songs. And Henry's leading in the Star Spangled Banner climaxed a real concert and paid reverence to the Stars & Stripes on our Flag Day observation. Talented daughter Mary, as accompanist, surely tickled the ivories in artistic fashion.

And we heard an interesting speaker, too, Mr.Chas.G. Holme, who opened our eyes to the science of freezing all sorts of foods for consumption. Still tasting that frozen berry desert of his.

Bill and Charlie and Harold all back from the East, and hope the traveling trio will be with us this day. Floyd and Finnly off after the rainbows. Earle and your secretary soon to follow on like conquest over the finny tribes.

Which calls to mind: while planning vacations let us also plan to "make up" before and/or after our departure. This can be done and is done by attendance minded Kiwanians.

We have lost four members! Who are the four good and true men to fill up the ranks ?

"More Dangerous than Dynamite" - "Thon Came July 5" - "One Match Can Do It" - Projectionist, Mr. Lewis F. Lionvale, representing the Dept. of State Fire Marshall, will give screen portrays on these subjects to day. The time required will amount to about 40 minutes, so that the program should start a little earlier than usual. As for the chairman, "Sully" - who but he? will present the speaker and attendance prize; and mortician that he is, he will probably lay out the roughnecks by burying their fines securely in the vault of the charity fund.

At last meeting "Nin" Guidotti gave a clear and comprehensive presentation of County Supervisors' doings, particularly stressing their powers and limitations on fiscal matters. Good speech, Mr. Chairman.

That talk of Russ on Kiwanis Week was neat and nifty, and particularly fitting as the International Convention at Minneapolis was in full swing at the time.

Fortunate that Bill Shuhaw of the Santa Rosa club could represent us at the "big show". We had our own delegation in '38 and '39.

Our several leave of absenters are home, but have failed to show up since. What the heck! Wonder if the leave of absence practice is working out in the best interest of any club.

A hearty welcome to our newest member, Dr. Myer. "Em", you're going to like Kiwanis in like ratio to your activity in its field of service.
