TUESDAY

JUNE 7, 1932

TO DAY:

Chairman Russ Stevens has signed up none other than Chief E. Raymond Cato, head of the Highway Patrol of the California Highway Commission, to speak at this meeting. A big gun is Mr. Cato, but none too big for this 'ere club of ours, we claim. Russ is the loud noise on the program committee, you know; and believe us, he's some precious program prescriber too. A dozen or so of the local Lions will be on hand - just to be real sociable critters, to roar applause for the speaker, no doubt, and to get the low down on how some of our Kivanians wise-acre themselves into paying fines. Lions, coming out of your den and into our wigwam, we welcome you.

LAST MEETING:

Rev. J. J. Jones of Santa Rosa gave us an appropriate talk on the history and significance of Memorial Day. At this meeting, and for the purpose of record, action was taken by the club for the administration of the high school scholarship loan fund, in which Healdsburg Kiwanis annually participates.

PICNIC UNDER WAY:

Of course this annual event is now uppermost in the thoughts of Healdsburg and Santa Rosa club members. But all you secretaries of other clubs of Division Eight who read "The Builder", and particularly this paragraph, just do your stuff in featuring this "classic" for 1932. Broadcast it before your clubs, boys, and say it's at Healdsburg - on - the - Russian - River, June 26th. Barbecue an' lots o' things to set digestion on its way. Feasting, golfing, swimming, boating, etc. In the shade: on the beach; in the swim; on the links. Dutchman's treat. Bring only yourselves and wives and "dhiluns"! O yes, and bathing suits too.

A POSSIBILITY:

Maybe our Palais Augumented Hungarian Symphony Band will perform for all on that occasion. Editor's note: This title may not be complete. Seems to us that Symphony fits in there somewhere, too. Anyhow, the name presupposes something akin to music --- whether the execution does or not. BUT THEY'RE GOOD. WE WANT 'EM AGAIN.

TUESDAY

JUNE 14, 1932

FLAG DAY PROGRAM: Chairman Elmer Sanborn has the exercises for to  
----- day in hand. As the speaker he has prevailed upon  
Atty. John B. Lounibous of the city of Petaluma, and Stanford university  
alumnus. In addition, special music will help inspire the program, - just  
what you would expect from Elmer - isn't it? We understand that our lo-  
cal boy-violinist, Emil Giorgi, will be part of the talent.

IMPRESSIVE: It was just this, - to have Court of Honor in the Boy  
----- Scouts organization staged at our last luncheon meet-  
ing. Most fitting too. For who are most responsible for the existence  
of Boy Scouts in Healdsburg? Who but Kiwanians Fred Kinley and Harold  
Rosenberg? Those youngsters who were awarded badges on the occasion  
are in a fair way to become most useful citizens, and our club is doing  
well to stand by all boys of their type. Past and present presidents  
of the Healdsburg club deserve special mention for their worthy act  
of furnishing a fitting prize for the boy who achieved the greatest  
accomplishments in the Kiwanis troop during the past year.

SOMETHING MORE: Mr. George E. Jeffries, representing E. Raymond Cato,  
----- and secretary of the State Highway Patrol, in a sound  
discourse, appealed to service organizations to exercise their influence  
in the interests of highway travel. With traffic officers, legislators  
and Lions, a full house there was. All in all, an hour well spent.

MIDDLETOWN MEET: Suffice it to say here that it was a real honest  
----- to goodness "gettogether", where all felt free and  
frolicsome, sociable and good natured. These inter-organization meets  
are far from the straight laced kind. Reasonable tolerance and liberty  
are granted each and all. Happily, service and sanctimony are not synon-  
ymous. So be it with Kiwanians.

TUESDAY

JUNE 21, 1932

LOOK WHO'S HERE: None other than BIG BILL RUMBOLD, in the role of  
----- chairman. Sitting at the head table, as Bill will  
do to day, all hands will have a fair opportunity to observe the speed  
and dexterity with which Big Bill handles the knife and fork. "Live  
to Eat" is the motto of this self same Bill. And doesn't he look the  
part? But this keen Kiwanian in whom we are all well pleased has many  
capabilities, - this very vivacious versatile Bill. As a chairman he's  
ever a crackerjack. And he has a good program for to day -

VIZ, TO WIT: Col. George A. Hunt has been secured to address us at  
----- this time. It is said that he bears the title of Asst.  
Engineer for the Pacific Gas & Electric Company. Subject: Chemical War-  
fare. And what an interesting talk his should be. For if war shall again  
hold sway, deadly chemicals may carry the day. So, come one, come all.

JOHN B. LOUNIBOIS: We headline this man for his inspiring talk on  
----- Flag Day, Tuesday last. As a speaker, just one of  
the best. Surely, Flag Day was fittingly observed by Healdsburg Kiwanis.  
Emil Giorgi's violin renditions were delightful. Elmer, as usual, you put  
on a classy program.

LAST CALL: For whole-hearted cooperation, and a full attendance Sun-  
----- day next. Kiwanis Division Picnic, Del Rio Woods, Healds-  
burg. The Santa Rosa club and ours are putting it across. Now, if any  
Healdsburg man does not report to show cause why he and his family  
should not be present, - curtains for him at our next meeting. Think of  
it: Five barbecued lambs, and all cooked to a king's taste. Who'll have  
the nerve to play hockey at this all important session? Kiwanians of  
other clubs, come Saturday if you can. It's "Fiesta Week" in Healdsburg.

TUESDAY

JUNE 28, 1932

**J.H. SHIVELY TO DAY:** He is popularly known as "Dad" Shively; and an insurance man of high calibre. Chairman Charlie Comstock declares he's happy to have landed "Dad". Advance reports argue that his talk will be of great interest to us all. This gentleman comes from the Insurance Federation of California.

**THOSE WICKED CHEMICALS:** Dormant and innocent in times of peace; deadly in days of war. Col. Hunt in his Chemical Warfare speech last week told us plenty on the murderous prowess of those infernal gasses. Moral: May peace be with us forevermore. Can't tell tho'. For something of the barbarous still seems to lurk in the human system, especially when the haughty chip is knocked from the other fellow's shoulder.

**CONVENTION WEEK:** As we assemble to day let us not entirely forget Detroit. Let us ever bear in mind what an International Convention means to us. Without it we'd be at sea, - no captain, no crew, no leadership, and little inspiration. Corporally, Healdsburg is not there this year; but our thoughts will be with the parent which has bestowed upon us a very heritage. So, let us sing with gusto, HAIL KIWANIS.

**PICNIC GOING ON:** This is being written just as our annual event gets under way. 'Twould be no picnic indeed to turn out a weekly letter in the wake of a big time; so we try to do while the doing is good. This is Sunday morning - just as the gang is coming to town. May the best golfer win. May he with a double appetite get fully gormandized on barbecued lamb. Let the temperance waters of Russian River be capitalized to the 9th degree. (We meant Nth degree). But we'll have no sober faces. All for fun, and fun for all.

Healdsburg, Calif.  
July 5, 1932.

Fellow Kiwanis:-

Today, Mr. Leo V. Youngworth, Republican Candidate for United States Senator will give the address. The Program Committee feels particularly gratified in securing Mr. Youngworth's attendance as he is a noted orator and has been in much demand among service clubs and kindred organization in the state. The subject of the address will be the "Responsibilities of American Citizenship" and is the same address that he has given before the service clubs of San Francisco and Los Angeles.

The Program Committee desires your support - be on hand and if possible bring a guest. The Cloverdale Rotary Club has been invited to meet with us as we must have a good full house. We cannot get men of this calibre to come and address us if we have only twenty or thirty members present, so give us a hand.

Last but not least Ed Byrn is Chairman of the Day and will furnish an attendance prize suitable to the occasion.

Due to Ed Quinn being on his vacation, this letter takes the place of the weekly bulletin.

Yours very truly,

PROGRAM COMMITTEE

P.S. - Notify Harry Latimer if you are bringing a guest.
