Mr. Emil Engles of the California Association of Employers, guest speaker, will discuss Labor Management. Bill Sanderson, Chairman.

When the Coyote Dam spans our Russian River our club can claim some little part in its coming into being. Like other agencies, we have been in contact with our Federal legislators, and victory seems to be in the offing. District Attorney Charles McGoldrick auspiciously pointed to victory last week. An excellent presentation of the subject telling much we didn't, and should, know.

This (Tuesday) night, at Garry Rosenberg's, directors meeting. And there's a flock of truants to make amends for their absences.

As we go to press it would appear that a good healthy squad of Healdsburgites will take St Helena by storm this (Saturday) night celebrating Charter Night in the pretty Napa Valley town. Congratulations, Saint Helena. Division Eight is richer for your addition.

EUREKA JUNE 20TH !!! Where is the Healdsburg Kiwanian who in the past has made the trip hither who doesn't jump at the chance to go again? Where did he ever have more frolicking fun? Who is he who'd miss the 25 smackers one year hence? Sign up to day, gents, thereby promulgating one playful profitable productive pilgrimage to that colorful city to the north.

And let's not forget the 25th anniversary of Santa Rosa Club, June 8. Said organization is OUR CHILD. We gave birth to the babe, now a grown-up of no inconsiderable stature.

For us, a big day next week - High school graduation day. Carambo!

JUNE 13, 1950

Once again our high school harvests its crop of graduates, and again Kiwanians take into camp, into the banquet hall, to dine and entertain those girls and boys in fitting manner.

Harold Miller has been selected as Chairman of the Day; he in turn has chosen as fine an after dinner speaker as you'll find in the whole of North America - Rabbi William M. Stern. This distinguished gentleman will bring a message appropriate to the occasion, one that young and more ancient will enjoy. Later: Mr. John Sandoval, speaker.
Subject: "The Thirty First State"

Each year those graduates look forward to Kiwanis Day, look forward with much anxiety to the granting of the Kiwanis placque as well as Kiwanis scholarship. A glad day for them, and for us too.

Labor Management argues for a sound subject, and that is just what Mr. Emil Engles made of it last week. What a school of instruction is Kiwanis ! What an education is afforded here !

A real service club town is now St. Helena. To extend Healdsburg's best wishes fourteen of our boys took in Charter Night, June 3d.

Another good turn out was at the directors' meeting, June 6th, when nineteen officers and maker-uppers were on hand - at Garry's. One little (?) item was our contribution of \$425.00 to insure the presence of four Scouts and Executive Waldo at the big jamboree at Valley Forge, Pennsylvania.

Sid Olmstead should be complemented on his thoroughgoing reports on how moneys were collected and by numerous agencies to send the boys on the jamboree trip eastward. One of the most comprehensive accounts on any activity we've ever heard.

JUNE 20, 1950

HEALDSBURG TRIBUNE, PAST, PRESENT & FUTURE - subject for discussion at this meeting. The new publisher and editor, Mr. Arnold Sanducci, the speaker. Chairman, Roy Doolan.

Warning to the speaker: When you become a Kiwanian such advertising is likely to cost you some coin.

One good grand day for 90 graduates, June 13th. A glad and joyful day for the guests and hosts as well. A day when we Kiwanians can justify our existence catering to Young America. At such annual function how keen must be their anticipation, wondering which may be the the chosen two, the one, recipient of the prized Kiwanis placque, again, who is to win the Kiwanis Scholarship. To the deserving boy and girl, congratulations. To the entire graduating group, God speed on the journey now ahead.

On this One Hundreth Anniversary of the founding of California, as "The Thirty First State" was so historically dwelt upon by the guest speaker, Mr. John Sandoval - how appropriate, how enlightening to the students of their Golden State ! Yes, a most refreshingly address.

At this meeting the members will have opportunity to decide, by vote, whether or not our Club is to be incorporated. For this purpose a short business session shall be declared.

Due to unusual activities, to vacation time, the proposed inter-club meeting with Eureka has been postponed to a more favorable date. This should insure a bigger and more imposing squad of tourists thither.

Mistress: "Mandy I understand you are getting married soon."

Mandy: "Yessum, I am iz." Mistress: "When are the nuptials coming off ? Mandy: "Not until after I get married." Exchange.

HEAP BIG CHIEF

HAROLD SULLIVAN, CHAIRMAN

MR. LORIN S. BUSH, CHIEF ENGINEER
BOARD OF FIRE UNDERWRITERS,
SPEAKER.

This gentleman will point out relation
between fire underwriters and fire pro-
tection in our city.

That Healdsburg journalism has met up with an off again on again
"career" was made plain by guest speaker, Mr. Arnold Santucci, now of
Healdsburg Tribune. Quite a history by the new publisher.

"All in favor say aye" and they all said it. Result: We're about
to be a real corporation - tho' not one in restraint of trade.

They've gone - Waldo and four top notch Scouts, all the way to the
big jamboree at Valley Forge, Penn. This made possible by by the
financial contributions by many Healdsburg forces, aided and abetted
by Kiwanis' THREE SEVENTY FIVE contribution. Our pleasure.

ATTENTION, PLEASE: Next meeting place, Bellevue Villa, July 5th.
To the maker-uppers, round table, July 4th, sharp at 12-10, Legion
Hall. See Bulletin, July 3d.

VACATION TIME. If you are to be gone do protect your attendance
record my making up in advance.
