WEDNESDAY

JULY 5, 1933

INDEPENDENCE DAY:

The Fourth of July will take place on July 5th this year - so far as the Healdsburg Kiwanis club is concerned. What sort of "fireworks" may be displayed at this meeting is being kept in the dark by chairman Larry K. Some vocal illuminations are sure to be inspired by patriotic pronouncements of the preeminent proxy of Plaza Theatre. But enough of this.-----

IN ALL SERIOUSNESS:

Senator "Herb" Slater will be with us, - in fact, will orate for us, as Herb, you know can do. More than ever before we will be made to understand what means this great American holiday of ours. You must be there - every last blank one of you. Wear your little flag of stars and stripes. Sing of the Red, White and Blue. No Irish songs to day; they'll keep till next week, when Shamrock Cairns holds sway.

SPEAKING OF HERB:

He put your secretary on the spot last week at the meeting of the Santa Rosa club. And just for this his victim hies away to the high mountains in the north where the stratosphere is just too much for even the senator's ringing voice. We won't be with you, Herbert, but to be fair and square, it's our hard luck.

EDITOR'S NOTE:

Next week The Builder will be the product of the Program Committee - Russ and Ed. Thanks for the great service, gents, and for the much needed buggy ride for the worn out scribe. When you're putting on the program on July 11th just think of him taking a high dive from Lassen's summit down into Manzanita Lake.

IN THE MEANTIME:

Russ will be back from the big show, the convention. It will be interesting - that report of his. Then again, Orangemen's Day will be faithfully observed under the inspiration of "Killarney" himself. Sorry not to get in on this.

Fellow Kiwanians:

Today we have with us as Chairman extraordinary and talker plenipotentiary none other than Frederick K. Cairns, direct from KPO, KGO and PDQ and way stations.

Fred has arranged for a program in keeping with his reputation as an actor and a talker de luxe via the ether waves. We have it on good authority that it will be principally a musical program, having numbers both vocal and instrumental. As a music director and leader of note Fred will conduct all numbers personally. In other words there will be two shows for the price of one.

Fred also wishes to announce that there will not be one attendance prize, but five - one for each name drawn out of the hat. Each prize is absolutely guaranteed all wool and a yard wide. To insure absolute fairness in the drawing for these magnificent prizes Bill P. T. and T. Rumbold and Jim P. G. and E. Morgan will officiate.

It is called to your attention that we celebrate three great days at this meeting. The Fall of the Bastille, Spanish Day - in honor of Eamon De Valera, and last but not least the Battle of the Boyne. It is suggested that everybody bring a guest - we have had Farmer's Day, but on this day of days, if you have a good boiler-maker friend or anyone else who lives south of the slot bring him a long; we absolutely guarantee that he will feel perfectly at home amid the refined atmosphere that will prevail.

TAKE NOTICE, PLEASE: That on this^s day our club once again will meet and eat. Furthermore, in his impressions on travels abroad we are to hear Dr. C. N. Thomas, man of many movements and lecturer de luxe. So sayeth Eddie Byrn of the Program Committee, and Chairman of the Day, as well.

MANY THANKS: Such are due from the Secretary to Eddie, or Russ, or both, for issuing the last weekly bulletin. Fine service, boys.

HOME AGAIN: The editor has taken another fall, - this time down from the rarefied atmosphere of higher altitudes - just as he frequently fell into the turbulent mountain streams in his quest for rainbow trout. It's tough to get going again, but it's sure nice to be back with the bunch.

HEARSAY: "All I know is what I read in the papers". According to the "Tribune" Fred Cairns was Highmuckymuck last week. Some sort of "round robin" seemed to be the order of the hour. What about that Orangemen's Day, Fred?

INTERNATIONAL SAYS: "Lieutenant Governor Brokaw has sent in an excellent report covering his visit with the Healdsburg club on May 31. You will be pleased to learn, we are sure, that he was very well impressed with your functioning and activities, and enjoyed the fellowship of you all. We thank you for the many courtesies extended to him at that time." And further on we find such expressions as, "Our appreciation of the splendid organization which represents Kiwanis International at Healdsburg", "Our graph of your club's progress confirms the Lieutenant Governor's high opinions", and the like. Thanks a lot, "H C", Our boys are for you to a man.

SHROUDED IN MYSTERY:

This very satisfying, comprehensive and understandable forecast of to day's program speaks for itself. Tho't you'd like to know the full details. And to put a finishing touch on announcements let us further state that Fred Kinley will be the civil (or otherwise) engineer of the whole performance. At least the "Doc" will press the button; after which, procedure will take place as per above enlightenment.

WARNING:

If you think it will be sound business for you to come alone, well and good, - in which event bring your purse as a substitute. A word to the wise is plenty. Beware.

THAT LAST MEET:

Eddie Byrn as chairman always means expense. In other words, dig down deep. Even the bankrupt Secretary had to borrow to defray the cost of coining a snow-cold phrase, - meaning a particular and much needed refreshment in a high altitude. Eddie must have been jealous because he missed the party on that bank of snow.

BUT MORE:

Dr. Thomas gave us the whole works on Mexico. We all know more about the neighboring land to the south. And when reference was made to those "senoritas" how some of the boys did prick up their ears. 'Twas to be expected, knowing 'em as as we do.

CONVENTION REPORT:

That story of Russ was splendid, spicy, speedy and succinct. The "world's greatest show" was altogether too good for most of us to miss. But Russ was there; and that covered a lot of territory. We're writing to Jimmie Smith for a full account of the movements of our delegate while in L.A.
