Redwood Highway

JOINT MEETING WITH THE TWENTY-THIRTIES, BUFFI'S INN, SEVEN.

TOM "FRIDY" FRY, CHAIRMAN.

WHAT THE YOUNGER AGGREGATION HAS ON TAP WILL BE UNFOLDED AS the ceremonies (forgot to capitalize) PROGRESS.

NO DOUBT, SOME SEMBLANCE AT FOURTH OF JULY OBSERVANCE WILL BE ON DEMONSTRATION - EVEN TO THE BLARING OF TRUMPETS AND FIRECRACKER EXPLOSIONS - THIS, BECAUSE OF THE ABSENCE <sup>OF</sup> THAT PROVERBIAL DISCIPLINARY AND MODERATING INFLUENCE OF THE EDITOR, WHO WILL BE FUNCTIONING NEAR THAT "U-KETCHUM" POND IN THE LOFTY ALITUDES. HAVE A REAL NICE TIME, "ROUGHNECKS", BUT LET THERE NOT BE A REAL RIOT.

## PART II.

The next two issues of THE BUILDER will snack of John Condit's journalistic prowess. As associate editor the big bachelor just scintillates! Watch out for something spicy, terse, refreshing, resusciating and unique!

A card postmarked New York from President Harry to Vice Pres. Earl states: "Home July 5th; a wonderful time." Accordingly, our convention delegate bids fair to be at this meet, and ready with his report next Tuesday.

Fine naval pictures, last week, Cyril Heminger, old Healdsburg boy.

TUESDAY

JULY 11, 1939

At noon time today, President Harry and Vice-President Earle, will rule the roost. The latter will cackle as Chairman of the Day and the former will crow as his speaker. Not all of us are fortunate enough to be able to roam at will over these United States, but we can enjoy a certain amount of vicarious pleasure from listening to the experiences of others. President Harry will undoubtedly have a message of great inspiration to present to us concerning the National Convention of Kiwanis held in Boston, and one of considerable interest about his trip back and forth across the country, including his journey through the wilds of New York City and its annex to the Golden Gate Exposition.

That joint meeting with the 20-30 Club last Wednesday evening, was certainly something to remember. The fine box travelled freely hither and yon to the accompaniment of sweet tinkling dimes and quarters, as well as receiving the baptism by fire and water. Our thanks to the members of the 20-30 Club for their fine entertainment and hospitality.

Your special attention is called to the matter of keeping up your ATTENDANCE during the summer months. It is especially important for everyone here or on vacation, to be present and make up meetings during this period in order to keep up the splendid attendance record which we have maintained in the past.

JULY 18, 1939

What did the Fire Chief of Piedmont say to the Fire Chief of Healdsburg?

History does not record, but it might have been, "Let's get together, Harold, and pour out a little water."

The correct answer to the foregoing guess may be ascertained at our meeting today when Carl Peterson, Chief of the Fire Department of the City of Piedmont, will be the guest speaker for our Chairman and Chief of the City of Healdsburg Fire Department, Harold Sullivan. In view of the dry season which we are going through, Chief Peterson's subject of "Fire Prevention" should be both timely and interesting. His talk will be illustrated with moving pictures for our visual instruction.

Come one, come all, for a practical demonstration of that old saw "An ounce of prevention is worth a pound of cure."

There once was a man named Owen,  
Who did a lot of horn blowin',  
He said, "If you please boys,  
Let's lay off the noise,  
It's 12:30 you all should be knowin'".

TUESDAY

JULY 25, 1939

"California Cooperative Medical Service" - subject for discussion at this meeting, by Dr. John W. Cline. So advises Ed. (Doc) Blair, the chairman.

It isn't Scotland that's burning this time, but the mountainous in Mill Creek section near Healdsburg. That's why Healdsburg is a "hot" town. Very timely indeed came to our last meeting Fire Chief Peterson of Piedmont to tell us about fire prevention and fire protection. And profuse was he in lauding our Fire Chief, Kiwanian "Sully", and his efficient department.

Many thanks to John Condit for turning out the two weekly bulletins while the editor was wading the fishing streams of the Sierras. For any of you fellers with hot feet, corns, bunions and the like - that's the place to take treatments. But for cold feet Ed. Norton says to go to Doc Sooy's Geysers.

Our Saturday Night Band Concert ! What an extraordinary howling success ! Kiwanis, Chamber of Commerce, City Council and whole community behind the enterprise. Audience by the thousands, thereby broadening Owen's phys-i-og-nomic features.

We didn't hear Harry's International Convention report, but they say 'twas good. It's a far cry from Healdsburg to Boston, <sup>but</sup> Roe Fulkerson alone is worth going a long way to see <sup>with</sup> his billiard ball head, elongated torso, and hear his humorous philosophy. Through Harry's inspirations, as will be projected from time to time we should all be better Kiwanians.

SWIMMING, BOATING, GOLFING, BASEBALL, DANCING, FEASTING, RESTING in this  
KIWANIS TOWN.
