Ray Grimstead Edition

Back from Washington D. C. Back to his Valley of the Moon. And to our club to day, in the title role -

"Humorous aspects of the Washington Convention"

"What A Man" Ray is some versatile Lieutenant Governor, as per the non copyrighted illustrations below:

Showing delegates how to beat Floyd Darby at Healdsburg, Cal

Last night Governor's ball "An revoir"

At the sad parting 'tis said that Ray sang Home on the Range to the exquisite delight of the five thousand assembled, and to his own accompaniment.

Division Eight is proud of its Lieutenant Governor. The Healdsburg club is proud to have him represent it at the great convention.

We are happy to have him with us this day. Mr. Chairman (whoever you may be) you will have the privilege of introducing some hombre. If we "look to the records" proof there be that his mission was well performed - seriously, socially, scintillatingly !

TUESDAY

AUGUST 11, 1936

Speaker to day :

Mr. Donald McClure of San Francisco ;

Subject : The Chain Store Tax Measure.

In the last bulletin there was so much which had to be said and done about the coming of Lt. Governor Ray Grinstead that want of space precluded reference to that fine talk by Judge Comstock the week previous. His Honor declared that our State Constitution needs a new one. But it will keep until some unfinished business is cleared off the docket, such as the presidential election, communism, - and he might have included a certain tar and feather case, soon to find rest in peace(s) in the county seat.

To Earl Adams : Hearty welcome back to the fold, Earl.

To the Rev. John ^{Stubbs} ~~Wood~~ : Congratulations to our baby Kiwanian.

To Paul Crabb : Looking for you back when school opens.

To Bill Massoni : Bon voyage to New York; Don't stay too long.

To Phil Phillips : Sorry to lose you, Phil. Success in Seattle.

When is attendance non-attendance ? Answer : When several members come to meetings just often enough to keep their membership, and just seldom enough to besmirch our past excellent record.

That convention report was handled by Ray in fine fashion. Humor percolated throughout the Lieutenant Governor's discourse. Kiwanians want not too much of the dull and dry. Many thanks, Ray.

On a visit to another club good discipline is a virtue. such obtained on Thursday night when twelve of our band accepted that picnic call from Napa. Another instance of the advisability of ^{taking} along seasoned and level headed men - such as the president and secretary, who serve as a balance wheel for the younger bloods. Fatherly influence - what a blessing !

Of course our meeting takes place on the day above named. BUT, this issue of The Builder goes to press on this Saturday, August 15th. 'Tis the anniversary of an historical event. ??? years ago to day the editor made his first appearance on the globe. Happiness and sadness enshroud him.

Happy in the contemplation of youth and vigor, to which all immediate contemporaries will bear testimony. Sad, that the number of years above specified will not return.

Under circumstances such as these what can you expect of a weekly bulletin, whose whole staff is the sole individual himself ?

Want of time and space and disposition forbid any cermonizing on the Ideals of Kiwanis, or anything else.

The once new born is overwhelmed with presents of sox and ties and venison. Besides, a dinner and a celebration await his presence.

The wonder is that he has the presence of mind to make the following announcement :

The Hon. Clarence Lea, representative in congress from our district, will address us at this luncheon hour. And the reputable Albert Garrett, as chairman, will present him. Here's hoping that Al. will pass no comment on the sentiments herein contained.

Just a year ago, this month, Mr. Jerry Linares, Secretary of the Playground Commission of San Francisco, addressed the club on the subject of juvenile delinquency. Don't you remember that wonderful talk of his? "One of the neatest, sweetest, briefest presentations for one long time", spoke The Builder on that occasion.

Well, this self-same young gentleman is doing a return engagement for us to day. This time his subject is how they fight Communism in San Francisco. Should be a "live one", don't you think?

Yes, it's a live subject right here in Sonoma County at the present time; but it will be a dead one when good old U.S.A. puts a coat of tar and feathers on the whole diabolical movement. All who amount to anything are "agin" it. Kiwanis International is definitely "agin" it. Not twenty three, but more than 23,000 citizens of Sonoma are "agin" it. STRIKE ! 'til the last dire foe expires - say we.

Pat Malone forgot that he was dead. Not so with Communism, when the last feather finds anchor in a sticky coat of stench.

Now, that this mild Mt. Lassen eruption has somewhat subsided, let it be said that Clarence Lea was his old time self last week, in that excellent talk on rules and practices in congress. We're not campaigning here, but aren't we all proud of this clean cut citizen and legislator from Sonoma County?

Nearly forgot to state : The nimble, natty, new made benedict, Edward Rollo Norton, will be the chairman to day. Give 'em a hand.
