New Club Officers Installed During Festive Evening

Doug Braik applauds Immediate Past President Susan Sheehy and new President Randy Collins following the installation

In a festive pirate themed evening bash, club officers for the new year, 2016-2017, were installed by former Lt. Governor Doug Braik on September 27 at the Villa Annex.

Taking the gavel from outgoing president Susan Sheehy was Randy Collins, who will serve as president for the year. Serving with Randy will be Vern Loch, vice president; Liz Bippart, secretary; project treasurer Ron Doble; administrative treasurer, Dick Bugarske and Susan Sheehy, immediate past president.

New Board of Directors members installed for a two year term are Cindy Schwartz, Cindi Brown, George Clough and Patti Roberts. Current members remaining on the Board for a one-year term are Rick Anixter, Rich Thomas, Rick Norman and LeRoy Steck. Completing two years of service were retiring Board members Debi Doble, Andy Smith, Chase Conley and George Diebold. Also honored was retiring Administrative Treasurer Bryan Wells.

Outgoing president Susan Sheehy in her final remarks, reflected on her successful term: fostering the spirit of collaboration between local service clubs, the enjoyable social events - the mixer of Rotary, Soroptimist and members of several area Kiwanis clubs and the fun Halloween party held at Robert Young Estates. One of her passions is the nursery school and she led several visits to the Santa Rosa Children's Museum with a total of 103 children and parents. Susan was especially gratified to have led the club in raising over \$89,000 for the community during her term.

Randy Collins in his acceptance speech, first stated that he would follow the example of President Franklin Roosevelt: Be brief. Be brilliant. Be seated. Randy looks forward to leading all of our activities and wants to focus on attracting new members and continuing to have fun and enjoy ourselves. In explaining the pirate theme selected for his presidency, he outlined several attributes that Kiwanis and pirates have in common: having lavish parties, selling plundered goods, raising a grog of rum (or beer), walking the plank (fining).

The President’s Message

CHANGE

“The only constant is change itself” is a well-known quote that we have heard many times but do you know its origins? A Google search shows it came from Heraclitus of Ephesos, a Greek Philosopher who coined it over 2500 years ago. What does this have to do with the Healdsburg Kiwanis Club you ask? Quite a bit. As someone who will have big shoes to fill after Sue’s splendid job as President, it seems everywhere I look in Healdsburg, I see change. When I joined the club 15 years ago, Healdsburg was a much sleepier town and far from the destination it is today. The only “Housing issue” was that too much of it was happening (according to many) since Parkland Farms was coming to fruition and downtown parking was abundant. Today we have too many tourists, skyrocketing home prices and the lack of affordable housing. Some have claimed this was one reason the Salvation Army decided to relocate their Lytton ARC facility and put the property on the market.

As the club moves forward into a new year, these trends create both problems and opportunities. We all know a good deal of the success of the X-Mas Tree lot is because of the help we receive from the men of the ARC and if they are no longer available, that creates a problem. Conversely, given our astronomical housing prices, the only folks who can afford to live in Healdsburg are affluent retired professionals. Doesn’t that represent a potentially ideal Kiwanis member? Call it a “Silver Lining” or “Double Edged Sword” but it does create opportunities. The key is to know how to use these challenges to our advantage. As your new President, I expect the process of transitioning us through these times as one of the more important roles I will play. Another is to continue with the great efforts Sue made to liven up our meetings and make them something we all enjoy attending. Throughout it all, we should of course continue the Kiwanis mission to serve the children of the world. While nothing in life is easy, I do have the utmost confidence that with your dedication and the incredible creativity that exists in our club, we will continue to make the positive contributions we have to the greater Healdsburg community that we have been doing for almost 100 years.

Meeting Programs

September 6: Brett Lear, Director Sonoma County Library

Brett Lear, Director, Sonoma County Library, our guest speaker on September 6 described the county library system, its services, the strategic plan, and challenges.

The Sonoma County Library system consists of 14 branches, serving over 3,300,000 per year, including about 72,000 children. Over 222,000 residents hold library cards. The Libraries provide education, innovation, school readiness, lifelong learning and other human services. Some of the programs provided include homework help, "Lunch at the Library" "Park Trails Challenge" and "read to a dog" for young children.

Here is a summary of the Library strategic plan:

1. Customer Experience: Provide an outstanding library Experience for everyone.
2. Education and Discovery: Connect people to information, experiences, and experts that can help them learn and grow.
3. Innovation: Embrace technologies that improve our libraries and empower our communities.
4. Community Engagement: Bring people together to share ideas and engage in collaborative community projects.
5. Financial Sustainability: Secure the future of our libraries through sound financial policies and a diversified funding strategy.

Sonoma County Library services are funded almost entirely through its share of property taxes. The formula was set in 1978 with the implementation of Proposition 13. While the current budget is balanced, it does not allow the Library to fund the services our residents need. During the recession library funding was cut, while the costs of books and materials and other library services increased.

Specific needs include:

- Restore library hours - they have been cut by 25% since 2011.

- Computer labs in every permanent library.
- Decrease wait time. Wait times for popular books can take up to six months to check out.
- Building maintenance/improvements.

Measure Y on the upcoming ballot asks for a 1/8 percent sales tax increase for the library.

September 13: Healdsburg Housing & Development Dept. – Housing Action Plan

Our September 13 speakers, David Mickaelian, Healdsburg City Manager and Karen Massey, Community Housing and Development Director in an informative presentation described the objectives of the upcoming ballot Measure R and the recently approved Housing Action Plan(HAP).

Measure R, if passed would amend the existing Growth Management Ordinance in the following ways:

- Increase inclusionary housing requirements on new development from 15% to 30%,
- Remove existing restrictions on the number of new residential units allowed per year,
- Adopt and periodically amend new growth management measures in conjunction with the Housing Element update,
- Adopt and periodically update a Housing Action Plan to provide a greater variety of housing.

On July 18th, following seven months of extensive community outreach and public input, the City Council unanimously adopted the City's first ever HAP. The HAP establishes a vision for housing in Healdsburg that articulates the kind of housing we would like created in our community and sets quantifiable objectives of what should be accomplished by 2022 to achieve the Vision. The HAP objectives are:

- More affordable housing
- Expand secondary dwelling units
- Build middle income housing
- Encourage development of rental housing
- Encourage a variety of housing types

September 20: Kathryn Hecht – Alexander Valley Film Festival

Deja Vu all over again at the 8th Annual Golf Tourney at Tayman *By Dan Gianni*

The Healdsburg Kiwanis Club put on their 8th Annual Service Club Golf tournament on September 14th at the challenging 9-hole Tayman Golf Course, going around twice for 18 holes. It was a beautiful day with sunny clear skies. We had a great welcoming committee greeting the players and processing was extremely smooth. Loretta Strong, Dick Bugarske and Lee Gunnerson handled the check in superbly. Patti Roberts and Rick Woods, our great caterers and members, set up a fabulous BBQ lunch of carnitas and burritos as well as a great tri-tip and chicken dinner after the tournament. Thanks to you all for a great job.

We had 36 players this year, the same as last year, but still was prefect for the small course.

All participants were again drinking beer and gin/tonics very enthusiastically. Our beer carts were rolling frequently thru the course delivering beer and gin/tonics to participants by almost sober Loretta and Michael Laird. The handicapping committee of Lee Gunnerson did a great job of creating parity with 9 teams in the mix. Jerry Strong managed to avoid any crippling shots to other participants this year to everyone's relief. For the déjà vu hard to believe but Jan Gianni's golf foursome stomped the competition, finishing in 1st place once again. Jan managed to clinch the win with an astounding 30-foot putt for the tournament's only eagle. A close second place went to John Torres' team, followed by my team's disappointing finish in third place.

Unfortunately, this may be the club's last golf tournament if we can't pick up another 12 players to compete. Tayman has put a minimum of 48 players to hold a tournament and we will have a hard time gathering that many to play. It is a shame since the tournament supplements our admin fund by about \$3,000 to keep our dues as low as possible. We will see where this goes next year.
